## PART I

**TRADE PARTNERSHIP FOR SUSTAINABLE DEVELOPMENT***Article 1***Objectives**

The objectives of this Agreement are:

- (a) Contributing to the reduction and eventual eradication of poverty through the establishment of a trade partnership consistent with the objective of sustainable development, the Millennium Development Goals and the Cotonou Agreement;
- (b) Promoting regional integration, economic cooperation and good governance thus establishing and implementing an effective, predictable and transparent regulatory framework for trade and investment between the Parties and in the CARIFORUM region;
- (c) Promoting the gradual integration of the CARIFORUM States into the world economy, in accordance with their political choices and development priorities;
- (d) Improving the CARIFORUM States' capacity in trade policy and trade related issues;
- (e) Supporting the conditions for increasing investment and private sector initiative and enhancing supply capacity, competitiveness and economic growth in the CARIFORUM region;
- (f) Strengthening the existing relations between the Parties on the basis of solidarity and mutual interest. To this end, taking into account their respective levels of development and consistent with WTO obligations, the Agreement shall enhance commercial and economic relations, support a new trading dynamic between the Parties by means of the progressive, asymmetrical liberalisation of trade between them and reinforce, broaden and deepen cooperation in all areas relevant to trade and investment.

*Article 2***Principles**

1. This Agreement is based on the Fundamental Principles as well as the Essential and Fundamental Elements of the Cotonou Agreement, as set out in Articles 2 and 9, respectively, of the Cotonou Agreement. This Agreement shall build on the provisions of the Cotonou Agreement and the previous ACP-EC Partnership Agreements in the area of regional cooperation and integration as well as economic and trade cooperation.
2. The Parties agree that the Cotonou Agreement and this Agreement shall be implemented in a complementary and mutually reinforcing manner.

*Article 3***Sustainable development**

1. The Parties reaffirm that the objective of sustainable development is to be applied and integrated at every level of their economic partnership, in fulfilment of the overarching commitments set out in Articles 1, 2 and 9 of the Cotonou Agreement, and especially the general commitment to reducing and eventually eradicating poverty in a way that is consistent with the objectives of sustainable development.
2. The Parties understand this objective to apply in the case of the present Economic Partnership Agreement as a commitment that:
  - (a) the application of this Agreement shall fully take into account the human, cultural, economic, social, health and environmental best interests of their respective population and of future generations;
  - (b) decision-taking methods shall embrace the fundamental principles of ownership, participation and dialogue.
3. As a result the Parties agree to work cooperatively towards the realisation of a sustainable development centred on the human person, who is the main beneficiary of development.

*Article 4***Regional integration**

1. The Parties recognise that regional integration is an integral element of their partnership and a powerful instrument to achieve the objectives of this Agreement.
2. The Parties recognise and reaffirm the importance of regional integration among the CARIFORUM States as a mechanism for enabling these States to achieve greater economic opportunities, and enhanced political stability and to foster their effective integration into the world economy.
3. The Parties acknowledge the efforts of the CARIFORUM States to foster regional and sub-regional integration amongst themselves through the Revised Treaty of Chaguaramas establishing the Caribbean Community including the CARICOM Single Market and Economy, the Treaty of Basseterre establishing the Organisation of Eastern Caribbean States and the Agreement establishing a Free Trade Area between the Caribbean Community and the Dominican Republic.
4. The Parties further recognise that, without prejudice to the commitments undertaken in this Agreement, the pace and content of regional integration are matters to be determined exclusively by the CARIFORUM States in the exercise of their sovereignty and in the light of their current and future political ambitions.

5. The Parties agree that their partnership builds upon and aims at deepening regional integration and undertake to cooperate to develop it further, taking into account the Parties' levels of development, needs, geographical realities and sustainable development strategies, as well as the priorities that the CARIFORUM States have set for themselves and the obligations enshrined in the existing regional integration agreements identified in paragraph 3.

6. The Parties commit themselves to cooperating in order to facilitate the implementation of this Agreement and to support CARIFORUM regional integration.

#### *Article 5*

### **Monitoring**

The Parties undertake to monitor continuously the operation of the Agreement through their respective participative processes and institutions, as well as those set up under this Agreement, in order to ensure that the objectives of the Agreement are realised, the Agreement is properly implemented and the benefits for men, women, young people and children deriving from their Partnership are maximised. The Parties also undertake to consult each other promptly over any problem that may arise.

#### *Article 6*

### **Cooperation in international fora**

The Parties shall endeavour to cooperate in all international fora where issues relevant to this partnership are discussed.

#### *Article 7*

### **Development cooperation**

1. The Parties recognise that development cooperation is a crucial element of their Partnership and an essential factor in the realisation of the objectives of this Agreement as laid down in Article 1. This cooperation can take financial and non-financial forms.

2. Development cooperation for regional economic cooperation and integration, as provided for in the Cotonou Agreement, shall be carried out so as to maximise the expected benefits of this Agreement. Areas of cooperation and technical assistance are set out, as appropriate, in the individual Chapters of this Agreement. Cooperation shall be implemented according to the modalities provided for in this Article, shall be kept under ongoing review and shall be revised as necessary according to the provisions of Article 246 of this Agreement.

3. The European Community financing pertaining to development cooperation between CARIFORUM and the European Community supporting the implementation of this Agreement shall be carried out within the framework of the rules and relevant procedures provided for by the Cotonou Agreement, in particular the programming procedures of the European Development Fund (EDF), and within the framework of the

relevant instruments financed by the General Budget of the European Union. In this context, supporting the implementation of this Agreement shall be one of the priorities.

4. Commensurate with their respective roles and responsibilities, the European Community and the Signatory CARIFORUM States shall take all measures necessary to ensure the effective mobilisation, provision and utilisation of resources aimed at facilitating the development cooperation activities provided for in this Agreement.

5. The Member States of the European Union collectively undertake to support, by means of their respective development policies and instruments, development cooperation activities for regional economic cooperation and integration and for the implementation of this Agreement in CARIFORUM States and at the regional level, in accordance with the complementarity and aid effectiveness principles.

(vi) The development of CARIFORUM innovation systems, including the development of technological capacity;

(vii) Support for the development of infrastructure in CARIFORUM States necessary for the conduct of trade.

#### Article 15

##### **Customs duties on imports of products originating in the CARIFORUM States**

Products originating in the CARIFORUM States shall be imported into the EC Party free of customs duties except for the products indicated, and under the conditions defined, in Annex II.

#### Article 16

##### **Customs duties on imports of products originating in the EC Party**

1. Products originating in the EC Party shall not, on their importation into the CARIFORUM States, be subject to customs duties higher than those indicated in Annex III.

2. Products originating in the EC Party shall, on their importation into the CARIFORUM States, be exempt from all customs duties within the meaning of Article 11 other than those listed in Annex III.

3. For a period of 10 years after the signature of this Agreement, the CARIFORUM States may continue to apply any such customs duties within the meaning of Article 11 other than those listed in Annex III to any imported product originating in the EC Party, provided that these duties were applicable to this product on the date of signature of this Agreement, and that the same duties are imposed on the like product imported from all other countries.

4. The Signatory CARIFORUM States shall not be required to begin a phased elimination of the customs duties other than those listed in Annex III and referred to in paragraph 2 in the seven years subsequent to the signature of this Agreement. This process shall be accompanied by the support of the necessary fiscal reforms as provided for under Article 22.

5. With a view to ensuring transparency, such duties shall be notified to the CARIFORUM-EC Trade and Development Committee within six months of the date of signature of this Agreement. Their elimination shall also be notified promptly to the CARIFORUM-EC Trade and Development Committee.

6. In the event of serious difficulties in respect of imports of a given product, the schedule of customs duty reductions and

eliminations may be reviewed by the CARIFORUM-EC Trade and Development Committee by common accord with a view to possibly modifying the time schedule for reduction or elimination. Any such modification shall not lead to the time periods in the schedule for which the review has been requested being extended in respect of the product concerned beyond the maximum transitional period for duty reduction or elimination for that product as provided for in Annex III. If the CARIFORUM-EC Trade and Development Committee has not taken a decision within 30 days of an application to review the timetable, the CARIFORUM States may suspend the timetable provisionally for a period that may not exceed one year.

#### Article 17

##### **Modification of tariff commitments**

In the light of the special development needs of Antigua and Barbuda, Belize, the Commonwealth of Dominica, Grenada, the Republic of Guyana, the Republic of Haiti, Saint Christopher and Nevis, Saint Lucia, and Saint Vincent and the Grenadines, the Parties may decide in the CARIFORUM-EC Trade and Development Committee to modify the level of customs duties stipulated in Annex III, which may be applied to a product originating in the EC Party upon its importation into the CARIFORUM States. The Parties shall ensure that any such modification does not result in an incompatibility of this Agreement with the requirements of Article XXIV of the GATT 1994. The Parties may also decide simultaneously to adjust the customs duty commitments stipulated in Annex III and relating to other products imported from the EC Party, as appropriate.

#### Article 18

##### **Movement of goods**

The Parties recognise the goal of having customs duties levied only once on originating goods imported into the EC Party or into the Signatory CARIFORUM States. Pending the establishment of the necessary arrangements for achieving this goal, the Signatory CARIFORUM States shall exercise their best endeavours in this regard. The EC Party shall provide the technical assistance necessary for the achievement of this goal.

#### Article 19

##### **More favourable treatment resulting from free trade agreements**

1. With respect to matters covered by this Chapter, the EC Party shall accord to the CARIFORUM States any more favourable treatment applicable as a result of the EC Party becoming party to a free trade agreement with third parties after the signature of this Agreement.

2. With respect to matters covered by this Chapter, the CARIFORUM States or any Signatory CARIFORUM State shall accord to the EC Party any more favourable treatment applicable as a result of the CARIFORUM States or any Signatory CARIFORUM State becoming party to a free trade agreement with any major trading economy after the signature of this Agreement.

3. The provisions of this Chapter shall not be so construed as to oblige the EC Party or any Signatory CARIFORUM State to extend reciprocally any preferential treatment applicable as a result of the EC Party or any Signatory CARIFORUM State being party to a free trade agreement with third parties on the date of signature of this Agreement.

4. For the purposes of this Article, 'major trading economy' means any developed country, or any country or territory accounting for a share of world merchandise exports above 1 % in the year before the entry into force of the free trade agreement referred to in paragraph 2, or any group of countries acting individually, collectively or through an free trade agreement accounting collectively for a share of world merchandise exports above one and a half 1,5 % in the year before the entry into force of the free trade agreement referred to in paragraph 2. <sup>(1)</sup>

5. Where any Signatory CARIFORUM State becomes party to a free trade agreement with a third party referred to in paragraph 2 and such a free trade agreement provides for more favourable treatment to such third party than that granted by the Signatory CARIFORUM State to the EC Party pursuant to this Agreement, the Parties shall enter into consultations. The Parties may decide whether the concerned Signatory CARIFORUM State may deny the more favourable treatment contained in the free trade agreement to the EC Party. The Joint CARIFORUM-EC Council may adopt any necessary measures to adjust the provisions of this Agreement.

#### Article 20

##### Special provisions on administrative cooperation

1. The Parties agree that administrative cooperation is essential for the implementation and the control of the preferential treatment granted under this Title and underline their commitment to combat irregularities and fraud in customs and related matters.

2. Where a Party or a Signatory CARIFORUM State has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud, the Party or Signatory CARIFORUM State concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned in accordance with this Article.

3. For the purpose of this Article a failure to provide administrative cooperation shall mean, *inter alia*:

- (a) a repeated failure to respect the obligations to verify the originating status of the product(s) concerned;
- (b) a repeated refusal or undue delay in carrying out and/or communicating the results of subsequent verification of the proof of origin;
- (c) a repeated refusal or undue delay in obtaining authorisation to conduct administrative cooperation missions to verify the authenticity of documents or accuracy of information

relevant to the granting of the preferential treatment in question.

For the purpose of this Article a finding of irregularities or fraud may be made, *inter alia*, where there is a rapid increase, without satisfactory explanation, in imports of goods exceeding the usual level of production and export capacity of the other Party, that is linked to objective information concerning irregularities or fraud.

4. The application of a temporary suspension shall be subject to the following conditions:

- (a) The Party or Signatory CARIFORUM State which has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud shall without undue delay notify the CARIFORUM-EC Trade and Development Committee of its finding together with the objective information and enter into consultations within the CARIFORUM-EC Trade and Development Committee, on the basis of all relevant information and objective findings, with a view to reaching a solution acceptable to both Parties.
- (b) Where the Parties have entered into consultations within the CARIFORUM-EC Trade and Development Committee as above and have failed to agree on an acceptable solution within three months following the notification, the Party or Signatory CARIFORUM State concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned. A temporary suspension shall be notified to the CARIFORUM-EC Trade and Development Committee without undue delay.
- (c) Temporary suspensions under this Article shall be limited to that necessary to protect the financial interests of the Party or Signatory CARIFORUM State concerned. They shall not exceed a period of six months, which may be renewed. Temporary suspensions shall be notified immediately after their adoption to the CARIFORUM-EC Trade and Development Committee. They shall be subject to periodic consultations within the CARIFORUM-EC Trade and Development Committee in particular with a view to their termination as soon as the conditions for their application no longer exist.

5. At the same time as the notification to the CARIFORUM-EC Trade and Development Committee under paragraph 4(a), the Party or Signatory CARIFORUM State concerned should publish a notice to importers in its official journal. The notice to importers should indicate for the product concerned that there is a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud.

#### Article 20 bis

In furtherance of the efforts of the Parties to find an acceptable solution to the matters referred to in Article 20(2), the Party or

Signatory CARIFORUM State against which a finding has been notified to the CARIFORUM-EC Trade and Development Committee may also seek recourse to a Mediator, in accordance with the provisions of Article 205(2)-205(5). The Mediator's opinion shall be notified within the period of three months referred to in Article 20(4)(b).

#### Article 21

##### **Treatment of administrative errors**

In case of error by the competent authorities in the proper management of the preferential system of export, and in particular in the application of the provisions of Protocol I, where this error leads to consequences in terms of import duties, the Party facing such consequences may request the CARIFORUM-EC Trade and Development Committee to examine the possibilities of adopting all appropriate measures with a view to resolving the situation.

### **Trade defence instruments**

#### Article 23

##### **Anti-dumping and countervailing measures**

1. Subject to the provisions of this Article, nothing in this Agreement shall prevent the EC Party or Signatory CARIFORUM States, whether individually or collectively, from adopting anti-dumping or countervailing measures in accordance with the relevant WTO agreements. For the purpose of this Article, origin shall be determined in accordance with the non-preferential rules of origin of the Parties or Signatory CARIFORUM States.

2. Before imposing definitive anti-dumping or countervailing duties in respect of products imported from CARIFORUM States, the EC Party shall consider the possibility of constructive remedies as provided for in the relevant WTO agreements.

3. Where an anti-dumping or countervailing measure has been imposed on behalf of two or more Signatory CARIFORUM States by a regional or sub-regional authority, there shall be one single forum of judicial review, including the stage of appeals.

4. A Signatory CARIFORUM State shall not apply an anti-dumping or countervailing measure on a product where it falls within the scope of a regional or sub-regional measure imposed on the same product. Similarly, the CARIFORUM States shall ensure that a regional or sub-regional measure imposed on a product does not apply to any Signatory CARIFORUM State which is applying such a measure on the same product.

5. The EC Party shall notify the exporting Signatory CARIFORUM States of the receipt of a properly documented complaint before initiating any investigation.

6. The provisions of this Article shall be applicable in all investigations initiated after this Agreement enters into force.

#### Article 22

##### **Cooperation**

1. The Parties recognise the importance of cooperation in order to strengthen tax administration and improve the collection of tax revenues.

2. Subject to the provisions of Article 7, the Parties agree to cooperate, including by facilitating support, in the following areas:

- (a) technical assistance in the area of fiscal reform with a view to shifting dependence from tariff and other duties and charges to other forms of indirect taxation; and
- (b) capacity and institution building in regard to the measures outlined in subparagraph (a).

7. The provisions of this Article shall not be subject to the Dispute Settlement provisions of this Agreement.

#### Article 24

##### **Multilateral safeguards**

Subject to the provisions of this Article, nothing in this Agreement shall prevent the Signatory CARIFORUM States and the EC Party from adopting measures in accordance with Article XIX of the General Agreement on Tariffs and Trade 1994, the Agreement on Safeguards, and Article 5 of the Agreement on Agriculture annexed to the Marrakech Agreement Establishing the World Trade Organization. For the purpose of this Article, origin shall be determined in accordance with the non-preferential rules of origin of the Parties or Signatory CARIFORUM States.

2. Notwithstanding paragraph 1, in the light of the overall development objectives of this Agreement and the small size of the economies of the CARIFORUM States, the EC Party shall exclude imports from any CARIFORUM State from any measures taken pursuant to Article XIX of the GATT 1994, the WTO Agreement on Safeguards and Article 5 of the Agreement on Agriculture.

3. The provisions of paragraph 2 shall apply for a period of five years, beginning with the date of entry into force of the Agreement. Not later than 120 days before the end of this period, the Joint CARIFORUM-EC Council shall review the operation of those provisions in the light of the development needs of the CARIFORUM States, with a view to determining whether to extend their application for a further period.

4. The provisions of paragraph 1 shall not be subject to the Dispute Settlement provisions of this Agreement.

#### Article 25

#### Safeguard clause

1. Notwithstanding Article 24, after having examined alternative solutions, a Party may apply safeguard measures of limited duration which derogate from the provisions of Article 15 or 16 as the case may be, under the conditions and in accordance with the procedures laid down in this Article.

2. Safeguard measures referred to in paragraph 1 may be taken where a product originating in one Party is being imported into the territory of the other Party in such increased quantities and under such conditions as to cause or threaten to cause:

- (a) serious injury to the domestic industry producing like or directly competitive products in the territory of the importing Party; or
- (b) disturbances in a sector of the economy, particularly where these disturbances produce major social problems, or difficulties which could bring about serious deterioration in the economic situation of the importing Party, or
- (c) disturbances in the markets of like or directly competitive agricultural products <sup>(1)</sup> or in the mechanisms regulating those markets.

3. Safeguard measures referred to in this Article shall not exceed what is necessary to remedy or prevent the serious injury or disturbances, as defined in paragraph 2. Those safeguard measures of the importing Party may only consist of one or more of the following:

- (a) suspension of the further reduction of the rate of import duty for the product concerned, as provided for under this Agreement,
- (b) increase in the customs duty on the product concerned up to a level which does not exceed the customs duty applied to other WTO Members, and
- (c) introduction of tariff quotas on the product concerned.

4. Without prejudice to paragraphs 1 to 3, where any product originating in one or more Signatory CARIFORUM State(s) is being imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations referred to under paragraphs 2(a), (b) and (c) to one or several of the EC Party's outermost regions, the EC Party may take surveillance or safeguard measures limited to the region or regions concerned in accordance with the procedures laid down in paragraphs 6 to 9.

5. (a) Without prejudice to paragraphs 1 to 3, where any product originating in the EC Party is being imported in

such increased quantities and under such conditions as to cause or threaten to cause one of the situations referred to under paragraphs 2(a), (b) and (c) to a Signatory CARIFORUM State, the Signatory CARIFORUM State concerned may take surveillance or safeguard measures limited to its territory in accordance with the procedures laid down in paragraphs 6 to 9.

(b) A Signatory CARIFORUM State may take safeguard measures where a product originating in the EC Party is being imported into its territory in such increased quantities and under such conditions as to cause or threaten to cause disturbances to an infant industry producing like or directly competitive products. Such provision is only applicable for a period of 10 years from the date of entry into force of this Agreement. Measures must be taken in accordance with the procedures laid down in paragraphs 6 to 9.

6. (a) Safeguard measures referred to in this Article shall only be maintained for such a time as may be necessary to prevent or remedy serious injury or disturbances as defined in paragraphs 2, 4 and 5.

(b) Safeguard measures referred to in this Article shall not be applied for a period exceeding two years. Where the circumstances warranting imposition of safeguard measures continue to exist, such measures may be extended for a further period of no more than two years. Where the CARIFORUM States or a Signatory CARIFORUM State apply a safeguard measure, or where the EC Party apply a measure limited to the territory of one or more of its outermost regions, such measures may however be applied for a period not exceeding four years and, where the circumstances warranting imposition of safeguard measures continue to exist, extended for a further period of four years.

(c) Safeguard measures referred to in this Article that exceed one year shall contain clear elements progressively leading to their elimination at the end of the set period, at the latest.

(d) No safeguard measure referred to in this Article shall be applied to the import of a product that has previously been subject to such a measure, for a period of at least one year since the expiry of the measure.

7. For the implementation of paragraphs 1-6, the following provisions shall apply:

##### Regional CARIFORUM integration

2. The Parties further recognise that the principles set in Chapter 5 of this Title to support the progressive liberalisation of investment and trade in services between the Parties provide a useful framework for the further liberalisation of investment and trade in services between CARIFORUM States in the context of their regional integration.

## CHAPTER 2

### Commercial presence

#### Article 65

##### Definitions

For purposes of this Chapter:

- (a) 'commercial presence' means any type of business or professional establishment through:

- (i) the constitution, acquisition or maintenance of a juridical person<sup>(2)</sup>, or

<sup>(1)</sup> In line with its notification of the EC Treaty to the WTO (WT/REG39/1), the EC Party understands that the concept of 'effective and continuous link' with the economy of a Member State enshrined in Article 48 of the EC Treaty is equivalent to the concept of 'substantive business operations' provided in Article V, paragraph 6, of the GATS, and in this Agreement.

<sup>(2)</sup> The terms 'constitution' and 'acquisition' of a juridical person shall be understood as including capital participation in a juridical person with a view to establishing or maintaining lasting economic links. When the juridical person has the status of a company limited by shares, there is a lasting economic link where the block of shares held enables the shareholder, either pursuant to the provisions of national laws relating to companies limited by shares or otherwise, to participate effectively in the management of the company or in its control. Long-term loans of a participating nature are loans for a period of more than five years which are made for the purpose of establishing or maintaining lasting economic links; the main examples being loans granted by a company to its subsidiaries or to companies in which it has a share and loans linked with a profit-sharing arrangement.

- (ii) the creation or maintenance of a branch or representative office within the territory of the EC Party or of the Signatory CARIFORUM States for the purpose of performing an economic activity;
- (b) 'investor' means any natural or juridical person that performs an economic activity through setting up a commercial presence;
- (c) 'investor of a Party' means a natural or juridical person of the EC Party or a natural or juridical person of a Signatory CARIFORUM State that performs an economic activity through setting up a commercial presence;
- (d) 'economic activity' does not include activities carried out in the exercise of governmental authority, i.e. activities carried out neither on a commercial basis nor in competition with one or more economic operators;
- (e) 'subsidiary' of a juridical person means a juridical person which is effectively controlled by another juridical person <sup>(1)</sup>;
- (f) 'branch' of a juridical person means a place of business not having legal personality which has the appearance of permanency, such as the extension of a parent body, has a management and is materially equipped to negotiate business with third parties so that such third parties, although knowing that there will if necessary be a legal link with the parent body, the head office of which is abroad, do not have to deal directly with such parent body but may transact business at the place of business constituting the extension.

- (c) limitations on the total number of operations or on the total quantity of output expressed in terms of designated numerical units in the form of quotas or the requirement of an economic needs test <sup>(4)</sup>;

<sup>(3)</sup> National maritime cabotage covers transport services within a Signatory CARIFORUM State or within a Member State of the European Union for the carriage of passengers or goods originating and terminating in that Signatory Cariforum State or in that Member State of the European Union.

4. Specific commitments assumed under this Article shall not be construed to require the EC Party or the Signatory CARIFORUM States to compensate for inherent competitive disadvantages which result from the foreign character of the relevant commercial presences and investors.

#### Article 73

### Maintenance of standards

The EC Party and the Signatory CARIFORUM States shall ensure that foreign direct investment is not encouraged by lowering domestic environmental, labour or occupational health and safety legislation and standards or by relaxing core labour standards or laws aimed at protecting and promoting cultural diversity.

#### Article 74

### Review

With a view to the progressive liberalisation of investments, the Parties shall review the investment legal framework, the investment environment, and the flow of investment between them consistent with their commitments in international agreements no later than three years after the entry into force of this Agreement and at regular intervals thereafter.

- (d) the temporary entry and stay of natural persons within the Party concerned shall be for a cumulative period of not more than six months or, in the case of Luxembourg, 25 weeks, in any 12-month period or for the duration of the contract, whichever is less;
- (e) access accorded under the provisions of this Article relates only to the service activity which is the subject of the contract and does not confer entitlement to exercise the professional title of the Party where the service is provided;
- (f) other discriminatory limitations, including on the number of natural persons in the form of economic needs tests, which are specified in Annex IV.

#### Article 84

2. This entry and temporary stay into their territories, when allowed, shall be for a period of up to 90 days in any 12-month period.

<sup>(1)</sup> Where the degree or qualification has not been obtained in the Party where the service is supplied, that Party may evaluate whether this is equivalent to a university degree required in its territory.

## CHAPTER 5

**Regulatory framework**

## Section 1

**Provisions of general application**

## Article 85

**Mutual recognition**

1. Nothing in this Title shall prevent the EC Party and the Signatory CARIFORUM States from requiring that natural persons must possess the necessary qualifications and/or professional experience specified in the territory where the service is supplied, for the sector of activity concerned.

2. The Parties shall encourage the relevant professional bodies in their respective territories to jointly develop and provide recommendations on mutual recognition to the CARIFORUM-EC Trade and Development Committee, for the purpose of the fulfilment, in whole or in part, by investors and service suppliers of the criteria applied by the EC Party and by the Signatory CARIFORUM States for the authorisation, licensing, operation and certification of investors and service suppliers and, in particular, in the professional services sector.

3. In particular, the Parties shall encourage the relevant professional bodies in their respective territories to start negotiations no later than three years after entry into force of this Agreement in order to jointly develop and provide such recommendations on mutual recognition, among others, in the following disciplines: accounting, architecture, engineering and tourism.

4. On receipt of a recommendation referred to in the preceding paragraph, the CARIFORUM-EC Trade and Development Committee shall, within a reasonable time, review the recommendation with a view to determining whether it is consistent with this Agreement.

5. When, in conformity with the procedure set out in paragraph 2, a recommendation referred to in the same paragraph has been found to be consistent with this Agreement and there is a sufficient level of correspondence between the relevant regulations of the Parties and the Signatory CARIFORUM States, the Parties shall, with a view to implementing that recommendation, negotiate, through their competent authorities, an agreement on mutual recognition of requirements, qualifications, licences and other regulations.

6. Any such agreement shall be in conformity with the relevant provisions of the WTO Agreement and, in particular, Article VII of the GATS.

7. The CARIFORUM-EC Trade and Development Committee shall review progress made in mutual recognition every two years.

## Article 86

**Transparency**

Subject to Article 235(3) the Parties and the Signatory CARIFORUM States shall respond promptly to all requests made by the other Party for specific information on any of their measures of general application or international agreements which pertain to or affect this Agreement. The Parties shall also establish one or more enquiry points to provide, upon request, specific information to investors and services suppliers of the other Party on all such matters. Such enquiry points are listed in Annex V. Enquiry points need not be depositories of laws and regulations.

## Article 87

**Procedures**

1. Where authorisation is required for the supply of a service or commercial presence on which a specific commitment has been made, the competent authorities of the Parties and of the Signatory CARIFORUM States shall, within a reasonable period of time after the submission of an application considered complete under domestic laws and regulations, inform the applicant of the decision concerning the application. At the request of the applicant, the competent authorities of the Parties or of the Signatory CARIFORUM States as the case may be shall provide, without undue delay, information concerning the status of the application.

2. The Parties and the Signatory CARIFORUM States shall maintain or institute judicial, arbitral or administrative tribunals or procedures which provide, at the request of an affected investor or service supplier, for a prompt review of, and where justified, appropriate remedies for, administrative decisions affecting commercial presence, cross border supply of services or temporary presence of natural persons for business purpose. Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Parties and the Signatory CARIFORUM States shall ensure that the procedures in fact provide for an objective and impartial review.

## Section 2

**Computer services**

## Article 88

**Understanding on computer services**

1. To the extent that trade in computer services is liberalised in accordance with Chapters 2, 3 and 4 of this Title, the EC Party and the Signatory CARIFORUM States subscribe to the understanding defined in paragraphs 2, 3 and 4.

2. CPC 84, the United Nations code used for describing computer and related services, covers the basic functions used to provide all computer and related services: computer programs defined as the sets of instructions required to make computers work and communicate (including their development and implementation), data processing and storage, and related services, such as consultancy and training services for staff of clients. Technological developments have led to the increased offering of these services as a bundle or package of related services that can include some or all of these basic functions. For example, services such as web or domain hosting, data mining services and grid computing each consist of a combination of basic computer services functions.

3. Computer and related services, regardless of whether they are delivered via a network, including the Internet, include all services that provide:

- (a) consulting, strategy, analysis, planning, specification, design, development, installation, implementation, integration, testing, debugging, updating, support, technical assistance, or management of or for computers or computer systems; or
- (b) computer programs defined as the sets of instructions required to make computers work and communicate (in and of themselves), plus consulting, strategy, analysis, planning, specification, design, development, installation, implementation, integration, testing, debugging, updating, adaptation, maintenance, support, technical assistance, management or use of or for computer programs; or
- (c) data processing, data storage, data hosting or database services; or
- (d) maintenance and repair services for office machinery and equipment, including computers; or
- (e) training services for staff of clients, related to computer programs, computers or computer systems, and not elsewhere classified.

4. Computer and related services enable the provision of other services (e.g. banking) by both electronic and other means. However, there is an important distinction between the enabling service (e.g. web-hosting or application hosting) and the content or core service that is being delivered electronically (e.g. banking). In such cases, the content or core service is not covered by CPC 84.

### Section 3

#### **Courier services**

##### *Article 89*

#### **Scope and definitions**

1. This Section sets out the principles of the regulatory framework for all courier services liberalised in accordance with Chapters 2, 3 and 4 of this Title.

2. For the purpose of this Section and of Chapters 2, 3 and 4 of this Title:

- (a) universal service means the permanent provision of a postal service of specified quality at all points in the territory of the EC Party and of the Signatory CARIFORUM States at affordable prices for all users;
- (b) an 'individual licence' means an authorisation, granted to an individual supplier by a regulatory authority, which is required before supplying a given service.

##### *Article 90*

#### **Prevention of anti-competitive practices in the courier sector**

In accordance with the provisions of Chapter 1 of Title IV, appropriate measures shall be maintained or introduced by the EC Party or the Signatory CARIFORUM States for the purpose of preventing suppliers who, alone or together, have the ability to affect materially the terms of participation (having regard to price and supply) in the relevant market for courier services as a result of use of their position in the market, from engaging in or continuing anti-competitive practices.

##### *Article 91*

#### **Universal service**

The EC Party or any Signatory CARIFORUM State has the right to define the kind of universal service obligation they wish to maintain. Such obligations will not be regarded as anti-competitive *per se*, provided they are administered in a transparent, non-discriminatory and competitively neutral manner and are not more burdensome than necessary for the kind of universal service as defined by the EC Party and the Signatory CARIFORUM States.

##### *Article 92*

#### **Individual licences**

1. An individual licence may only be required for services which are within the scope of the universal service.

2. Where an individual licence is required, the following shall be made publicly available:

- (a) all the licensing criteria and the period of time normally required to reach a decision concerning an application for a licence, and
- (b) the terms and conditions of individual licences.

3. The reasons for the denial of an individual licence shall be made known to the applicant upon request and an appeal

procedure through an independent body will be established at the level of the EC Party and of the Signatory CARIFORUM States. Such a procedure will be transparent, non-discriminatory, and based on objective criteria.

#### Article 93

### Independence of the regulatory bodies

The regulatory bodies shall be legally separate from, and not accountable to, any supplier of courier services. The decisions of and the procedures used by the regulatory bodies shall be impartial with respect to all market participants.

#### Section 4

### Telecommunications services

#### Article 94

### Definitions and scope

1. For the purpose of this Title:
  - (a) 'telecommunications services' means all services consisting of the transmission and reception of electro-magnetic signals and do not cover the economic activity consisting of the provision of content which requires telecommunications for its transport;
  - (b) a 'regulatory authority' in the telecommunications sector means the body or bodies charged with the regulation of telecommunications mentioned in this Chapter;
  - (c) 'essential telecommunications facilities' mean facilities of a public telecommunications transport network and service that:
    - (i) are exclusively or predominantly provided by a single or limited number of suppliers; and
    - (ii) cannot feasibly be economically or technically substituted in order to provide a service;
  - (d) a 'major supplier' in the telecommunications sector is a supplier which has the ability to materially affect the terms of participation (having regard to price and supply) in the relevant market for telecommunications services as a result of control over essential facilities or the use of its position in the market;
  - (e) 'interconnection' means linking with suppliers providing public telecommunications transport networks or services in order to allow the users of one supplier to communicate with users of another supplier and to access services provided by another supplier;
  - (f) 'universal service' means the set of services of specified quality that must be made available to all users in the

territory of the EC Party and of the Signatory CARIFORUM States regardless of their geographical location and at an affordable price; its scope and implementation are decided by the EC Party and by the Signatory CARIFORUM States.

2. This Section sets out the principles of the regulatory framework for the following telecommunications services, other than broadcasting, liberalised pursuant to Chapters 2, 3 and 4 of this Title: voice telephone services, packet-switched data transmission services, circuit-switched data transmission services, telex services, telegraph services, facsimile services, private leased circuit services and mobile and personal communications services and systems.

#### Article 95

### Regulatory authority

1. Regulatory authorities for telecommunications services shall be legally distinct and functionally independent from any supplier of telecommunications services.
2. The regulatory authority shall be sufficiently empowered to regulate the sector. The tasks to be undertaken by a regulatory authority shall be made public in an easily accessible and clear form, in particular where those tasks are assigned to more than one body.
3. The decisions of and the procedures used by regulators shall be impartial with respect to all market participants.
4. A supplier affected by the decision of a regulatory authority shall have a right to appeal against that decision to an appeal body that is independent of the parties involved. Where the appeal body is not judicial in character, written reasons for its decision shall always be given and its decisions shall also be subject to review by an impartial and independent judicial authority. Decisions taken by appeal bodies shall be effectively enforced.

#### Article 96

### Authorisation to provide telecommunications services

1. Provision of services shall, as much as possible, be authorised following mere notification.
2. A licence can be required to address issues of attributions of numbers and frequencies. The terms and conditions for such licences shall be made publicly available.
3. Where a licence is required:
  - (a) all the licensing criteria and a reasonable period of time normally required to reach a decision concerning an application for a licence shall be made publicly available;
  - (b) the reasons for the denial of a licence shall be made known in writing to the applicant upon request;

- (c) the applicant of a licence shall be able to seek recourse before an appeal body in case a licence is unduly denied;
- (d) licence fees required by the EC Party or by the Signatory CARIFORUM States for granting a licence shall not exceed the administrative costs normally incurred in the management, control and enforcement of the applicable licences.

#### Article 97

##### Competitive safeguards on major suppliers

In accordance with the provisions of Chapter 1 of Title IV, appropriate measures shall be maintained or introduced by the EC Party or the Signatory CARIFORUM States for the purpose of preventing suppliers who, alone or together, are a major supplier from engaging in or continuing anti-competitive practices. These anti-competitive practices shall include in particular:

- (a) engaging in anti-competitive cross-subsidisation;
- (b) using information obtained from competitors with anti-competitive results; and
- (c) not making available to other services suppliers on a timely basis technical information about essential facilities and commercially relevant information which are necessary for them to provide services.

#### Article 98

##### Interconnection

1. Any supplier authorised to provide telecommunications services shall have the right to negotiate interconnection with other providers of publicly available telecommunications networks and services. Interconnection should in principle be agreed on the basis of commercial negotiation between the companies concerned.

2. Regulatory authorities shall ensure that suppliers that acquire information from another undertaking during the process of negotiating interconnection arrangements use that information solely for the purpose for which it was supplied and respect at all times the confidentiality of information transmitted or stored.

3. Interconnection with a major supplier shall be ensured at any technically feasible point in the network. Such interconnection shall be provided:

- (a) under non-discriminatory terms, conditions (including technical standards and specifications) and rates and of a quality no less favourable than that provided for its own like services or for like services of non-affiliated service suppliers or for its subsidiaries or other affiliates;
- (b) in a timely fashion, on terms, conditions (including technical standards and specifications) and rates <sup>(1)</sup> that

<sup>(1)</sup> Such rates are cost-oriented rates in the EC Party, and cost-based rates in Signatory CARIFORUM States.

are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that the supplier need not pay for network components or facilities that it does not require for the service to be provided; and

- (c) upon request, at points in addition to the network termination points offered to the majority of users, subject to charges that reflect the cost of construction of necessary additional facilities.

4. The procedures applicable for interconnection to a major supplier shall be made publicly available.

5. Major suppliers shall make publicly available either their interconnection agreements or their reference interconnection offers.

6. A service supplier requesting interconnection with a major supplier shall have recourse, either at any time or after a reasonable period of time which has been made publicly known, to an independent domestic body, which may be a regulatory body as referred to in Article 95, to resolve disputes regarding appropriate terms, conditions and rates for interconnection.

#### Article 99

##### Scarce resources

Any procedures for the allocation and use of scarce resources, including frequencies, numbers and rights of way, shall be carried out in an objective, timely, transparent and non-discriminatory manner. The current state of allocated frequency bands shall be made publicly available, but detailed identification of frequencies allocated for specific government uses is not required.

#### Article 100

##### Universal service

1. The EC Party or any Signatory CARIFORUM State has the right to define the kind of universal service obligations they wish to maintain.

2. Such obligations will not be regarded as anti-competitive *per se*, provided they are administered in a transparent, objective and non-discriminatory way. The administration of such obligations shall also be neutral with respect to competition and not more burdensome than necessary for the kind of universal service defined by the EC Party and by the Signatory CARIFORUM States.

3. All suppliers should be eligible to ensure universal service. The designation shall be made through an efficient, transparent and non-discriminatory mechanism. Where necessary, the EC Party and the Signatory CARIFORUM States shall assess whether the provision of universal service represents an unfair burden on

organisations(s) designated to provide universal service. Where justified on the basis of such calculation, and taking into account the market benefit, if any, which accrues to an organisation that offers universal service, national regulatory authorities shall determine whether a mechanism is required to compensate the supplier(s) concerned or to share the net cost of universal service obligations.

4. The EC Party and the Signatory CARIFORUM States shall ensure that:

- (a) directories of all subscribers are available to users in a form approved by the national regulatory authority, whether printed or electronic, or both, and are updated on a regular basis, and at least once a year;
- (b) organisations that provide the services referred to in subparagraph (a) apply the principle of non-discrimination to the treatment of information that has been provided to them by other organisations.

#### *Article 101*

### **Confidentiality of information**

The EC Party and the Signatory CARIFORUM States shall ensure the confidentiality of telecommunications and related traffic data by means of a public telecommunication network and publicly available telecommunications services, without restricting trade in services.

#### *Article 102*

### **Disputes between suppliers**

1. In the event of a dispute arising between suppliers of telecommunications networks or services in connection with rights and obligations that arise from this Chapter, the national regulatory authority concerned shall, at the request of either party to the dispute, issue a binding decision to resolve the dispute in the shortest possible timeframe.
2. When such a dispute concerns the cross-border provision of services, the national regulatory authorities concerned shall coordinate their efforts in order to bring about a resolution of the dispute.

#### Article 107

#### Section 6

#### International maritime transport services

#### Article 109

#### Scope, definitions and principles

1. This Section sets out the principles regarding the liberalisation of international maritime transport services pursuant to Chapters 2, 3 and 4 of this Title.

2. For the purpose of this Section and Chapters 2, 3 and 4 of this Title:

- (a) 'international maritime transport' includes door to door and multi-modal transport operations, which is the carriage of goods using more than one mode of transport, involving a sea-leg, under a single transport document, and to this effect includes the right to directly contract with providers of other modes of transport;
- (b) 'maritime cargo handling services' means activities exercised by stevedore companies, including terminal operators, but not including the direct activities of dockers, when this workforce is organised independently of the stevedoring or terminal operator companies. The activities covered include the organisation and supervision of:
  - (i) the loading/discharging of cargo to/from a ship;
  - (ii) the lashing/unlashing of cargo;
  - (iii) the reception/delivery and safekeeping of cargoes before shipment or after discharge;
- (c) 'customs clearance services' (alternatively 'customs house brokers' services') means activities consisting in carrying out on behalf of another party customs formalities concerning import, export or through transport of cargoes, whether this service is the main activity of the service provider or a usual complement of its main activity;
- (d) 'container station and depot services' means activities consisting in storing containers, whether in port areas or inland, with a view to their stuffing/stripping, repairing and making them available for shipments;
- (e) 'maritime agency services' means activities consisting in representing, within a given geographic area, as an agent the business interests of one or more shipping lines or shipping companies, for the following purposes:
  - (i) marketing and sales of maritime transport and related services, from quotation to invoicing, and issuance of bills of lading on behalf of the companies, acquisition and resale of the necessary related services, preparation of documentation, and provision of business information;

- (f) 'freight forwarding services' means the activity consisting of organising and monitoring shipment operations on behalf of shippers, through the acquisition of transport and related services, preparation of documentation and provision of business information.

3. In view of the existing levels of liberalisation between the Parties in international maritime transport:

- (a) The EC Party and the Signatory CARIFORUM States shall apply effectively the principle of unrestricted access to the international maritime markets and trades on a commercial and non-discriminatory basis;
- (b) The EC Party and the Signatory CARIFORUM States shall grant to ships flying the flag of the other Party or of any Signatory CARIFORUM State or operated by service suppliers of the other Party treatment no less favourable than that accorded to their own ships with regard to, *inter alia*, access to ports, use of infrastructure and auxiliary maritime services of the ports, as well as related fees and charges, customs facilities and the assignment of berths and facilities for loading and unloading.

4. In applying these principles, the EC Party and the Signatory CARIFORUM States shall:

- (a) not introduce cargo-sharing arrangements in future bilateral agreements with third countries concerning maritime transport services, including dry and liquid bulk and liner trade, and terminate, within a reasonable period of time, such cargo-sharing arrangements in case they exist in previous bilateral agreements; and
- (b) upon the entry into force of this Agreement, abolish and abstain from introducing any unilateral measures and administrative, technical and other obstacles which could constitute a disguised restriction or have discriminatory effects on the free supply of services in international maritime transport.

5. The EC Party and the Signatory CARIFORUM States shall permit international maritime service suppliers of the other Party to have a commercial presence in their territory under conditions of establishment and operation no less favourable than those accorded to their own service suppliers or those of any third country, whichever are the better.

6. The EC Party and the Signatory CARIFORUM States shall make available to international maritime transport suppliers of the other Party on reasonable and non discriminatory terms and conditions the following services at the port: pilotage, towing and tug assistance, provisioning, fuelling and watering, garbage collecting and ballast waste disposal, port captain's services, navigation aids, shore-based operational services essential to ship

operations, including communications, water and electrical supplies, emergency repair facilities, anchorage, berth and berthing services.

The Parties and the Signatory CARIFORUM States shall progressively adjust, without prejudice to their obligations under the WTO Agreement, any State monopolies of a commercial nature or character, so as to ensure that, by the end of the fifth year following the entry into force of this Agreement, no discrimination regarding the conditions under which goods and services are sold or purchased exists between goods and services originating in the EC Party and those originating in the CARIFORUM States or between nationals of the Member States of the European Union and those of the CARIFORUM States, unless such discrimination is inherent in the existence of the monopoly in question.

4. If a geographical indication of the EC Party or Signatory CARIFORUM State is homonymous with a geographical indication for a third country, Article 23(3) of the TRIPS Agreement applies *mutatis mutandis*.

#### D. *Relationship between geographical indications and trade marks*

1. A geographical indication shall not be registered in the EC Party or the Signatory CARIFORUM States where, in the light of a trade mark's reputation and renown and the length of time it has been used, registration is liable to mislead the consumer as to the true identity of the product.

2. From the date of entry into force of this Agreement, the registration of a trade mark which is identical with, similar to or containing a geographical indication protected respectively in the EC Party or in the Signatory CARIFORUM States pursuant to

section B and relating to the same class of product shall be refused respectively in the EC Party or in the Signatory CARIFORUM States. Furthermore, the registration of a trade mark in such circumstances shall be refused respectively in the EC Party or in the Signatory CARIFORUM States if the application for registration of the trade mark was submitted after the date of application for protection of the geographical indication in the territory concerned and the geographical indication is subsequently protected.

3. Trade marks registered in breach of the preceding paragraph shall be invalidated.

4. The EC Party and the Signatory CARIFORUM States shall ensure that, subject to the provisions of section D(1), (2) and (3), a trade mark, the use of which corresponds to one of the situations referred to in section B(3), and which has been applied for, registered or established by use, if that possibility is provided for by the applicable legislation, in good faith within the territories of the EC Party or of a Signatory CARIFORUM State, before the date of application of the WTO obligations in the EC Party or a Signatory CARIFORUM State, or before the date of application for protection of the geographical indication in the respective territories, may continue to be used notwithstanding the registration of the geographical indication, provided that no grounds for the invalidity or revocation of the trade mark exist as specified by the legislation of the EC Party or of the concerned Signatory CARIFORUM State. In such case, the use of the geographical indication shall be permitted alongside the relevant trade mark.

#### E. *Future protection agreement*

The EC Party and the Signatory CARIFORUM States shall no later than 1 January 2014 commence negotiations aimed at an agreement on the protection of geographical indications in their respective territories, without prejudice to any individual requests for protection that may have been filed directly.

#### F. *Internet use*

The EC Party and the Signatory CARIFORUM States accept the need for a clear legal framework for geographical indications owners who wish to use their geographical indications on the Internet and to participate in the development of electronic commerce which includes provisions addressing whether the use of a sign on the Internet has contributed to the usurpation, evocation, acquisition in bad faith or infringement of a geographical indication or whether such use constitutes an act of unfair competition, and a determination of the remedies, including the eventual transfer or cancellation of the domain name. In this respect, the EC Party and the Signatory CARIFORUM States shall endeavour to apply the Joint Recommendation concerning the protection of marks, and other industrial property rights in signs, on the Internet, as adopted by WIPO at the Thirty-Sixth Series of Meetings of the Assemblies of the Member States of WIPO, 24 September to 3 October 2001.

4. This protection shall be provided by registration, and shall confer exclusive rights upon their holders in accordance with the provisions of this Article. Unregistered designs shall confer the same exclusive rights, but only if the contested use results from copying the protected design. Unregistered designs and textile designs may be protected by a design right or copyright.

*C. Exceptions*

1. The EC Party and the Signatory CARIFORUM States may provide limited exceptions to the protection of industrial designs, provided that such exceptions do not unreasonably conflict with the normal exploitation of protected industrial designs and do not unreasonably prejudice the legitimate interests of the owner of the protected design, taking account of the legitimate interests of third parties.

2. Design protection shall not extend to designs dictated essentially by technical or functional considerations.

3. A design right shall not subsist in a design which is contrary to public policy or to accepted principles of morality.

*D. Rights conferred*

1. The owner of a protected industrial design shall have the right to prevent third parties not having the owner's consent

from making, offering, selling, importing, stocking or using articles bearing, or embodying the protected design when such acts are undertaken for commercial purposes, or unduly prejudice the normal exploitation of the design or are not compatible with fair trade practice.

2. For unregistered designs, the contested use shall not be deemed to result from copying the protected design if it results from an independent work of creation from a designer who may be reasonably thought not to be familiar with the design made available to the public by the holder.

*E. Term of protection*

1. The initial duration of protection available in the EC Party and the Signatory CARIFORUM States following registration shall amount to at least five years. At the request of the right holder, registration shall be renewed for one or more periods of five years each, but not exceeding 25 years from the date of filing, provided that the renewal fee has been paid.

Each Party shall set up and maintain an appropriate on-line facility to further the effective dissemination of tendering opportunities.

- (a) Tender documentation provided to suppliers shall contain all information necessary to permit them to submit responsive tenders.

(b) Where entities do not offer free direct access to the entire tender documents and any supporting documents by electronic means, entities shall make promptly available the tender documentation at the request of any eligible supplier of the Parties.

3. For each procurement covered by this Chapter, procuring entities shall, save as otherwise provided, publish in advance a notice of intended procurement. Each notice shall be accessible during the entire time period established for tendering for the relevant procurement.

4. The information in each notice of intended procurement shall include at least the following:

- (a) name, address, fax number, electronic address (where available) of the procuring entity and, if different, the address where all documents relating to the procurement may be obtained;
- (b) the tendering procedure chosen and the form of the contract;
- (c) a description of the intended procurement, as well as essential contract requirements to be fulfilled;
- (d) any conditions that suppliers must fulfil to participate in the procurement;
- (e) time-limits for submission of tenders and, where applicable, any time limits for the submission of requests for participation in the procurement;
- (f) all criteria to be used for the award of the contract; and
- (g) if possible, terms of payment and other terms.

5. Procuring entities are encouraged to publish as early as possible in each fiscal year a notice regarding their future procurement plans. The notice should include the subject-matter of the procurement and the planned date of the publication of the notice of intended procurement.

6. Procuring entities operating in the utilities may use such a notice regarding their future procurement plans as a notice of intended procurement provided that it includes as much of the information set out in paragraph 4 as available and a statement that suppliers should express their interest in the procurement to the entity.

#### Article 169

### Methods of procurement

1. Without prejudice to the method of government procurement used in respect of any specific procurement, procuring entities shall ensure that such methods are specified in the notice of intended procurement or tender documents.

2. The Parties or the Signatory CARIFORUM States shall ensure that their laws and regulations clearly prescribe the conditions under which procuring entities may utilise limited tendering procedures. Procuring entities shall not utilise such methods for the purpose of restricting participation in the procurement process in a non-transparent manner.

3. When conducting procurement by electronic means, a procuring entity shall:

- (a) ensure that the procurement is conducted using generally available and interoperable information technology products and software, including those related to authentication and encryption of information; and
- (b) maintain mechanisms that ensure the integrity of, and prevent inappropriate access to, requests for participation and tenders.

#### Article 170

### Selective tendering

1. Whenever selective tendering procedures are employed, procuring entities shall:

- (a) Publish a notice of intended procurement;
- (b) In the notice of intended procurement invite eligible suppliers to submit a request for participation;
- (c) Select the suppliers to participate in the selective tendering procedure in a fair manner; and
- (d) Indicate the time limit for submitting requests for participation.

2. Procuring Entities shall recognise as qualified suppliers all suppliers which meet the conditions for participation in a particular procurement, unless the procuring entity states in the notice or, where publicly available, in the tender documentation, any limitation on the number of suppliers that will be permitted to tender and the objective criteria for such limitation.

3. Where the tender documentation is not made publicly available from the date of publication of the notice referred to in paragraph 1, procuring entities shall ensure that those documents are made available at the same time to all the qualified suppliers selected.

#### Article 171

### Limited tendering

1. When using the limited tendering procedure, a procuring entity may choose not to apply Articles 168, 169(1) and (3), 170, 173 (1), 174, 175, 176 and 178.

2. Procuring entities may award their public contracts by limited tendering procedure, in the following cases:

- (a) when no suitable tenders have been submitted in response to an open or selective tendering procedure, on condition that the requirements of the initial tender are not substantially modified;
- (b) when, for technical or artistic reasons, or for reasons connected with protection of exclusive rights, the contract may be performed only by a particular supplier and no reasonable alternative or substitute exists;
- (c) for reasons of extreme urgency brought about by events unforeseen by the procuring entity, the products or services could not be obtained in time by means of open or selective tendering procedures;
- (d) for additional deliveries of goods or services by the original supplier where a change of supplier would compel the procuring entity to procure equipment or services not meeting requirements of interchangeability with already existing equipment or services procured under the initial procurement and such separation would cause significant inconvenience or substantial duplication of costs to the procuring entity;
- (e) when a procuring entity procures prototypes or a first product or service which are developed at its request in the course of, and for, a particular contract for research, experiment, study or original development;
- (f) when additional services which were not included in the initial contract but which were within the objectives of the original tender documentation have, through unforeseen circumstances, become necessary to complete the services described therein. However, the total value of contracts awarded for the additional services shall not exceed 50 % of the amount of the original contract;
- (g) for new services consisting of the repetition of similar services which conform to a basic project for which an initial contract was awarded following an open or selective procurement method, and for which the procuring entity has indicated in the notice of intended procurement that a limited procurement method might be used in awarding contracts for such new services;
- (h) for products purchased on a commodity market;
- (i) in the case of contracts awarded to the winner of a design contest; in the case of several successful candidates, successful candidates shall be invited to participate in the negotiations as specified in the notice of the intended procurement or the tender documents; and
- (j) for purchases made under exceptionally advantageous conditions which only arise in the very short term in the

case of unusual disposals such as arising from liquidation, receivership or bankruptcy and not for routine purchases from regular suppliers.

#### *Article 172*

#### **Rules of origin**

The EC Party and the Signatory CARIFORUM States for the purposes of this Chapter shall not apply rules of origin to goods or services imported from or supplied by the EC Party and the Signatory CARIFORUM States as the case may be that are different from the rules of origin applicable at the same time in the normal course of trade to imports or supplies of the same goods or services from the same Signatory CARIFORUM State or the EC Party.

#### *Article 173*

#### **Technical specifications**

1. Consistent with the objectives of this Chapter, procuring entities shall ensure that technical specifications applied or intended for application to procurement covered by the Chapter are set out in the notices of intended procurement and/or tender documents.

2. A procuring entity shall not seek or accept, in a manner that would have the effect of precluding competition, advice that may be used in the preparation or adoption of any technical specification for a specific procurement from a person that may have a commercial interest in the procurement.

3. In prescribing technical specifications for the goods or services being procured, a procuring entity shall, where appropriate:

- (a) specify the technical specifications, in terms of performance and functional requirements, rather than design or descriptive standards; and
- (b) base the technical specifications on international standards, where such exist; otherwise, on national technical regulations, recognised national standards or building codes.

4. Where design or descriptive characteristics are used in the technical specifications, a procuring entity shall, where appropriate, include words such as 'or equivalent' in the technical specifications and consider tenders that demonstrably meet the required design or descriptive characteristics and are fit for the purposes intended.

5. A procuring entity shall not prescribe technical specifications that require or refer to a particular trade mark or trade name, patent, copyright, design or type, specific origin, producer or supplier, unless there is no other sufficiently precise or

intelligible way of describing the procurement requirements and provided that, in such cases, words such as 'as equivalent' are included in the tender documentation.

#### Article 174

##### Qualification of suppliers

1. For procurement covered by this Chapter, procuring entities shall ensure that any conditions and criteria for participating in a public contract award procedure are made known in advance in the notice of intended procurement or the tender documents. Any such conditions and criteria shall be limited to those which are essential to ensure that the potential supplier has the ability to execute the contract in question.

2. The Signatory CARIFORUM States and the EC Party shall not impose the condition that, in order for a supplier to participate in a procurement, the supplier has previously been awarded one or more contracts by an entity of that Party or State or that the supplier has prior work experience in the relevant territory. This paragraph does not apply for procurements in respect of social impact surveys and studies.

3. The procuring entity shall base its assessment of the financial, commercial and technical abilities of a supplier on the conditions that it has specified in advance in notices or tender documentation.

4. Nothing in this Article shall preclude the exclusion of any supplier on grounds such as bankruptcy or false declarations or conviction for serious crime.

5. Procuring entities may maintain a multi-use list provided that a notice inviting interested suppliers to apply for inclusion on the list is:

- (a) published annually; and
- (b) where published by electronic means, made available continuously in one of the appropriate media listed in Annex VII.

6. Procuring entities shall ensure that suppliers may apply for qualification at any time through the publication of a notice inviting suppliers to apply for inclusion on the list containing the following information:

- (a) a description of the goods and services, or categories thereof, for which the list may be used;
- (b) the conditions for participation to be satisfied by suppliers and the methods that the procuring entity will use to verify a supplier's satisfaction of the conditions;
- (c) the name and address of the procuring entity and other information necessary to contact the entity and obtain all relevant documents relating to the list; and

- (d) the period of validity of the list and the means for its renewal or termination, or where the period of validity is not provided, an indication of the method by which notice will be given of the termination of use of the list.

Procuring entities shall include in the list all qualified suppliers within a reasonably short time.

7. Where a non-qualified supplier submits a request for participation, and all required documents relating thereto, within the time-limit, a procuring entity, whether or not it uses a multi-use list, shall examine and accept the supplier's request for participation, unless, due to the complexity of the procurement, the entity is not able to complete the examination of the request. Procuring entities shall also ensure that a supplier having requested to be included in the list shall be informed of the decision in this regard in a timely fashion.

8. Procuring entities operating in the utilities may use a notice inviting suppliers to apply for inclusion on a multi-use list as a notice of intended procurement and may exclude requests for participation from suppliers not yet qualified in respect of the procurement on the grounds that the procuring entity has insufficient time to examine the application.

#### Article 175

##### Negotiations

1. The Signatory CARIFORUM States and the EC Party may provide for their procuring entities to conduct negotiations:

- (a) in the context of procurements in which they have indicated such intent in the notice of intended procurement; or
- (b) where it appears from the evaluation that no one tender is obviously the most advantageous in terms of the specific evaluation criteria set forth in the notice of intended procurement or tender documentation.

2. A procuring entity shall:

- (a) ensure that any elimination of suppliers in negotiations is carried out in accordance with the evaluation criteria set out in the notice of intended procurement or tender documentation; and
- (b) when negotiations are concluded, provide a common deadline for the remaining suppliers to submit any new or revised tenders.

#### Article 176

##### Opening of tenders and awarding of contracts

1. All tenders solicited under open or selective procedures by procuring entities shall be received and opened under procedures

and conditions guaranteeing the fairness and transparency of the process.

2. Unless a procuring entity decides that it is not in the public interest to award the contract, it shall award the contract to the supplier who has been determined, on the basis of the information presented, to be fully capable of undertaking the contract and whose tender is either the lowest tender or the tender which in terms of the specific evaluation criteria set forth in the notice or tender documentation is determined to be the most advantageous. Awards shall be made in accordance with the criteria and essential requirements specified in the notice of intended procurement or in the tender documentation.

#### Article 177

##### Information on contract award

1. The Parties and the CARIFORUM Signatory States shall ensure that their procuring entities provide for effective dissemination of the results of government procurement processes.

2. Procuring entities shall promptly inform suppliers of decisions regarding the award of the contract and, on request, in writing. Upon request, procuring entities shall inform any eliminated supplier of the reasons for the rejection of its tender and of the relative advantages of the successful supplier's tender.

3. Procuring entities may decide to withhold certain information on the contract award where release of such information would interfere with law enforcement or be otherwise contrary to the public interest, would prejudice the legitimate commercial interests of suppliers, or might prejudice fair competition between them.

4. Subject to Article 180(4), no later than 72 days after the award of each contract covered by this Chapter, a procuring entity shall publish a notice in the appropriate paper or electronic media listed in Annex VII. Where only an electronic medium is used, the information shall remain readily accessible for a reasonable period of time. The notice shall include at least the following information:

- (a) a description of the goods or services procured;
- (b) the name and address of the procuring entity;
- (c) the name and address of the successful supplier;
- (d) the value of the successful tender or the highest and lowest offers taken into account in the award of the contract;
- (e) the date of the award; and

- (f) the type of procurement method used, and in cases where a limited tendering procedure was used, a description of the circumstances justifying the use of such procedure.

#### Article 178

##### Time limits

1. In determining any time limits to be applied to procurement covered by this Chapter, procuring entities shall, consistent with their own reasonable needs, take into account such factors as the complexity of the intended procurement and the normal time for transmitting tenders.

2. The Parties and the Signatory CARIFORUM States shall ensure that their procuring entities shall take due account of publication delays when setting the final date for receipt of tenders or of request for participation or for qualifying for the supplier's list. Such time limits, including any extension, shall be common for all interested or participating suppliers.

3. Procuring entities shall clearly set out the time limits applicable to any specific procurement in the notice of intended procurement and/or the tender documents.

#### Article 179

##### Bid challenges

1. The Parties and the Signatory CARIFORUM States shall provide transparent, timely, impartial and effective procedures enabling suppliers to challenge domestic measures implementing this Chapter in the context of procurements in which they have, or have had, a legitimate commercial interest. To this effect, each Party or Signatory CARIFORUM State shall establish, identify or designate at least one impartial administrative or judicial authority that is independent of its procuring entities to receive and review a challenge by a supplier arising in the context of covered procurement.

2. Each supplier shall be allowed a sufficient period of time to prepare and submit a challenge as from the time when the basis of the challenge become known or reasonably should have become known to the supplier. This paragraph does not preclude Parties or Signatory CARIFORUM States from requiring complainants to lodge their complaints within a reasonable period of time provided that duration of that period is made known in advance.

3. Procuring entities shall ensure their ability to respond to requests for a review by maintaining a reasonable record of each procurement covered under this Chapter.

4. Challenge procedures shall provide for effective rapid interim measures to correct breaches of the domestic measures implementing this Chapter.

*Article 180***Implementation period**

1. In order for the Signatory CARIFORUM States to bring their measures into conformity with any specific procedural obligation of this Chapter, they shall have an implementation period of two years from the entry into force of this Agreement.
2. Should a review by the CARIFORUM-EC Trade and Development Committee at the end of the implementation period reveal that one or several Signatory CARIFORUM States need one more year to bring their measures into conformity with the obligations of this Chapter, the CARIFORUM-EC Trade and Development Committee may extend the implementation period referred to in paragraph 1 by one more year for the individual Signatory CARIFORUM States concerned.
3. By way of derogation from paragraphs 1 and 2, Antigua and Barbuda, Belize, the Commonwealth of Dominica, Grenada, the Republic of Haiti, Saint Christopher and Nevis, Saint Lucia and Saint Vincent and the Grenadines shall benefit from an implementation period of five years.
4. The requirements stipulated in paragraph 1 and the last sentence of paragraph 2 of Article 168, in Article 170(1)(a) and in Article 177(4) will only come into effect for the Signatory CARIFORUM States once the requisite capacity to implement them has been developed, but not later than five years after the entry into force of this Agreement.

*Article 181***Review clause**

The CARIFORUM-EC Trade and Development Committee will review the operation of this Chapter every three years, including

with regard to any modifications of coverage, and may make appropriate recommendations to the Joint CARIFORUM-EC Council to that effect, as appropriate. In carrying out this task, the CARIFORUM-EC Trade and Development Committee may, without prejudice to Article 182, also make appropriate recommendations regarding the Parties' further cooperation in the procurement field and the implementation of this Chapter.

*Article 182***Cooperation**

1. The Parties recognise the importance of cooperating in order to facilitate implementation of commitments and to achieve the objectives of this Chapter.
2. Subject to the provisions of Article 7, the Parties agree to cooperate, including by facilitating support and establishing appropriate contact points, in the following areas:
  - (a) Exchange of experience and information about best practices and regulatory frameworks;
  - (b) Establishment and maintenance of appropriate systems and mechanisms to facilitate compliance with the obligations of this Chapter; and
  - (c) Creation of an on-line facility at the regional level for the effective dissemination of information on tendering opportunities, so as to facilitate the awareness of all companies about procurement processes.

## CHAPTER 4

**Environment***Article 183***Objectives and sustainable development context**

1. The Parties reaffirm that the principles of sustainable management of natural resources and the environment are to be applied and integrated at every level of their partnership, as part of their overriding commitment to sustainable development as set out in Articles 1 and 2 of the Cotonou Agreement.
2. The Parties recall that Article 32 of the Cotonou Agreement includes environment and natural resources as thematic and cross-cutting issues, and that the fundamental principles of ownership, participation, dialogue and differentiation set out in Article 2 of the Cotonou Agreement are therefore particularly relevant.
3. The Parties and the Signatory CARIFORUM States are resolved to conserve, protect and improve the environment,

including through multilateral and regional environmental agreements to which they are parties.

4. The Parties reaffirm their commitment to promoting the development of international trade in such a way as to ensure sustainable and sound management of the environment, in accordance with their undertakings in this area including the international conventions to which they are party and with due regard to their respective level of development.
5. The Parties and the Signatory CARIFORUM States are resolved to make efforts to facilitate trade in goods and services which the Parties consider to be beneficial to the environment. Such products may include environmental technologies, renewable- and energy-efficient goods and services and eco-labelled goods.

*Article 184***Levels of protection and right to regulate**

1. Recognising the right of the Parties and the Signatory CARIFORUM States to regulate in order to achieve their own level of domestic environmental and public health protection and their own sustainable development priorities, and to adopt or modify accordingly their environmental laws and policies, each Party and Signatory CARIFORUM State shall seek to ensure that its own environmental and public health laws and policies provide for and encourage high levels of environmental and public health protection and shall strive to continue to improve those laws and policies.

2. The Parties agree that the special needs and requirements of CARIFORUM States shall be taken into account in the design and implementation of measures aimed at protecting environment and public health that affect trade between the Parties.

3. Provided that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination between the Parties or a disguised restriction on trade between them, nothing in this Agreement shall be construed to prevent any Party and the Signatory CARIFORUM States from adopting or maintaining measures necessary to protect human, animal or plant life or health, related to the conservation of natural resources or protection of the environment.

*Article 185***Regional integration and use of international environmental standards**

In the light of the environmental challenges facing their respective regions, and in order to promote the development of international trade in such a way as to ensure sustainable and sound management of the environment, the Parties recognise the importance of establishing effective strategies and measures at the regional level. The Parties agree that in the absence of relevant environmental standards in national or regional legislation, they shall seek to adopt and implement the relevant international standards, guidelines or recommendations, where practical and appropriate.

*Article 186***Scientific information**

The Parties recognise the importance, when preparing and implementing measures aimed at protecting the environment and public health that affect trade between the Parties, of taking account of scientific and technical information, the precautionary principle, and relevant international standards, guidelines or recommendations.

*Article 187***Transparency**

The Parties and the Signatory CARIFORUM States commit to developing, introducing and implementing any measures aimed at protecting the environment and public health that affect trade between the Parties in a transparent manner, with due notice and public and mutual consultation and with appropriate and timely communication to and consultation of non-state actors including the private sector. The Parties agree that satisfying the provisions on transparency included in Chapters 6 and 7 of Title I shall be deemed to satisfy the provisions of this Article as well.

*Article 188***Upholding levels of protection**

1. Subject to Article 184(1), the Parties agree not to encourage trade or foreign direct investment to enhance or maintain a competitive advantage by:

- (a) lowering the level of protection provided by domestic environmental and public health legislation;
- (b) derogating from, or failing to apply such legislation.

2. The Parties and the Signatory CARIFORUM States commit to not adopting or applying regional or national trade or investment-related legislation or other related administrative measures as the case may be in a way which has the effect of frustrating measures intended to benefit, protect or conserve the environment or natural resources or to protect public health.

*Article 189***Consultation and monitoring process**

1. The Parties recognise the importance of monitoring and assessing the impact of implementation of the Agreement on sustainable development through their respective participative processes and institutions, as well as those set up under this Agreement.

2. The Parties may consult each other and the CARIFORUM-EC Consultative Committee on environmental issues covered by Articles 183 to 188. Members of the CARIFORUM-EC Consultative Committee may submit oral or written recommendations to the Parties for disseminating and sharing best practice relating to issues covered by this Chapter.

3. On any issue covered by Articles 183 to 188 the Parties may agree to seek advice from the relevant international bodies on best practice, the use of effective policy tools for addressing trade-related environmental challenges, and the identification of

any obstacles that may prevent the effective implementation of environmental standards under relevant Multilateral Environment Agreements.

4. A Party may request consultations with the other Party on matters concerning the interpretation and application of Articles 183 to 188. The consultations shall not exceed three months. In the context of this procedure any Party may independently seek advice from the relevant international bodies. In this case the limit for the period of consultations is extended by a further period of three months.

5. If the matter has not been satisfactorily resolved through consultations between the Parties pursuant to paragraph 3 any Party may request that a Committee of Experts be convened to examine such matter.

6. The Committee of Experts shall comprise three members with specific expertise in the issues covered by this Chapter. The Chairperson shall not be a national of either Party. The Committee of Experts shall present to the Parties a report within three month of its composition. The report shall be made available to the CARIFORUM-EC Consultative Committee.

#### *Article 190*

### **Cooperation**

1. The Parties recognise the importance of cooperating on environmental issues in order to achieve the objectives of this Agreement.

2. Subject to the provisions of Article 7, the Parties agree to cooperate, including by facilitating support in the following areas:

- (b) promotion and facilitation of private and public voluntary and market-based schemes including relevant labelling and accreditation schemes;
- (c) technical assistance and capacity building, in particular to the public sector, in the implementation and enforcement of multilateral environmental agreements, including with respect to trade-related aspects;
- (d) facilitation of trade between the Parties in natural resources, including timber and wood products, from legal and sustainable sources;

4. The Parties agree that labour standards should not be used for protectionist trade purposes.

5. The Parties recognise the benefits of commerce in fair and ethical trade products and the importance of facilitating such commerce between them.

#### *Article 192*

Recognising the right of the Parties and the Signatory CARIFORUM States to regulate in order to establish their own social regulations and labour standards in line with their own social development priorities, and to adopt or modify accord-

ingly their relevant laws and policies, each Party and Signatory CARIFORUM State shall ensure that its own social and labour regulations and policies provide for and encourage high levels of social and labour standards consistent with the internationally recognised rights set forth in Article 191 and shall strive to continue to improve those laws and policies.

#### *Article 193*

### **Upholding levels of protection**

Subject to Article 192, the Parties agree not to encourage trade or foreign direct investment to enhance or maintain a competitive advantage by:

3. On any issue covered by Articles 191 to 194 the Parties may agree to seek advice from the ILO on best practice, the use of effective policy tools for addressing trade-related social challenges, such as labour market adjustment, and the identification of any obstacles that may prevent the effective implementation of core labour standards.

4. A Party may request consultations with the other Party on matters concerning the interpretation and application of Articles 191 to 194. The consultations shall not exceed three months. In the context of this procedure any Party may independently seek advice from the ILO. In this case the limit for the period of consultations is extended by a further period of three months.

5. If the matter has not been satisfactorily resolved through consultations between the Parties pursuant to paragraph 3 any Party may request that a Committee of Experts be convened to examine such matter.

6. The Committee of Experts shall comprise three members with specific expertise in the issues covered by this Chapter. The Chairperson shall not be a national of either Party. The Committee of Experts shall present to the Parties a report within three month of its composition. The report shall be made available to the CARIFORUM-EC Consultative Committee.

## CHAPTER 6

**Protection of personal data***Article 197***General objective**

1. The Parties and the Signatory CARIFORUM States, recognising:

- (a) their common interest in protecting fundamental rights and freedoms of natural persons, and in particular their right to privacy, with respect to the processing of personal data,
- (b) the importance of maintaining effective data protection regimes as a means of protecting the interests of consumers, stimulating investor confidence and of facilitating transborder flows of personal data;
- (c) that the collection and processing of personal data should be accomplished in a transparent and fair manner, with due respect accorded to the data subject,

agree to establish appropriate legal and regulatory regimes, as well as appropriate administrative capacity to implement them, including independent supervisory authorities, in order to ensure an adequate level of protection of individuals with regard to the processing of personal data, in line with existing high international standards <sup>(1)</sup>.

2. The Signatory CARIFORUM States shall endeavour to implement the provisions of paragraph 1 as soon as possible and no later than seven years after the entry into force of this Agreement.

*Article 198***Definitions**

For the purposes of this Chapter:

- (a) 'personal data' means any information relating to an identified or identifiable individual (data subject);
- (b) 'processing of personal data' means any operation or set of operations which is performed upon personal data, such as collection, recording, organisation, storage, alteration, retrieval, consultation, use, disclosure, combination, blocking, erasure or destruction, as well as transfers of personal data across national borders;

<sup>(1)</sup> Such standards are those included in the following international instruments:

- (i) Guidelines for the regulation of computerised personal data files, modified by the General Assembly of the United Nations on 20 November 1990;
- (ii) Recommendation of the Organisation for Economic Cooperation and Development Council concerning guidelines governing the protection of privacy and trans-border flows of personal data of 23 September 1980.

- (c) 'Data Controller' means the natural or legal person, authority or any other body which determines the purposes and means of the processing of personal data.

*Article 199***Principles and general rules**

The Parties agree that the legal and regulatory regimes and administrative capacity to be established shall, at a minimum, include the following content principles and enforcement mechanisms:

## (a) Content principles

- (i) the purpose limitation principle — data should be processed for a specific purpose and subsequently used or further communicated only in so far as this is not incompatible with the purpose of the transfer. The only exemptions to this rule would be those provided by legislation and necessary in a democratic society for important public interests;
- (ii) the data quality and proportionality principle — data should be accurate and, where necessary, kept up to date. The data should be adequate, relevant and not excessive in relation to the purposes for which they are transferred or further processed;
- (iii) the transparency principle — individuals should be provided with information as to the purpose of the processing and the identity of the data controller in the third country, and other information in so far as this is necessary to ensure fairness. The only exemptions permitted should be those provided by legislation and necessary in a democratic society for important public interests;
- (iv) the security principle — technical and organisational security measures should be taken by the data controller that are appropriate to the risks presented by the processing. Any person acting under the authority of the data controller, including a processor, must not process data except on instructions from the controller;

(v) the rights of access, rectification and opposition — the data subject should have a right to obtain a copy of all data relating to him/her that are processed, and a right to rectification of those data where they are shown to be inaccurate. In certain situations he/she should also be able to object to the processing of the data relating to him/her. The only exemptions to these rights should be those provided by legislation and necessary in a democratic society for important public interests;

*Article 214***Review of any measure taken to comply after the adoption of appropriate measures**

1. The Party complained against shall notify the other Party and the CARIFORUM-EC Trade and Development Committee of

If the arbitration panel rules that any measure taken to comply is in conformity with the provisions of this Agreement, the appropriate measures shall be terminated.

3. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures laid down in Article 207 shall apply. The period for notifying the ruling shall be 60 days from the date of the submission of the request referred to in paragraph 2.

In the event of a cumulative increase of imports of such products originating in CARIFORUM States by more than 20 % in volume during a period of 12 consecutive months

<sup>(1)</sup> For the purpose of paragraphs 4, 5, 6 and 7 'marketing year' means the period between 1 October and 30 September.

<sup>(2)</sup> For this purpose and by way of derogation to Article 25 of the Agreement, individual Signatory CARIFORUM State recognised by the United Nations as a least developed country may be subject to safeguard measures.

compared to the average of the yearly imports over the three previous 12 month periods, the EC Party shall analyse the pattern of trade, the economic justification and the sugar content of such imports and, if it considers that such imports are used to circumvent the arrangements provided for in paragraphs 4 and 5, it may suspend the preferential treatment and introduce the specific MFN duty applied to imports pursuant to the European Community Common Customs Tariff for products of tariff heading 1704 90 99, 1806 10 30, 1806 10 90, 2106 90 59 and 2106 90 98 originating in CARIFORUM States. Sub-paragraphs 5(b), (c) and ((d) shall apply mutatis mutandis to action under this paragraph.

8. Between 1 October 2009 and 30 September 2012 with regard to the products of tariff heading 1701, no preferential import license shall be granted unless the importer undertakes to purchase such products at a price not lower than 90 % of the reference price set by the EC Party for the relevant marketing year.
  9. Paragraph 1 shall not apply to products of tariff heading 0803 0019 originating in CARIFORUM States and released for free circulation in the outermost regions of the EC Party. Paragraph 1, 3 and 4 shall not apply to products of tariff heading 1701 originating in CARIFORUM States and released for free circulation in the French outermost regions. These provisions shall be applicable for a period of ten years. This period shall be extended for a further period of ten years unless the Parties agree otherwise.

## ANNEX IV A

## LIST OF COMMITMENTS ON COMMERCIAL PRESENCE

(referred to in Article 69)

## EC PARTY

1. The list of commitments below indicates the economic activities liberalised by the EC Party pursuant to Article 69 and, by means of reservations, the market access and national treatment limitations that apply to establishments and investors of the CARIFORUM States in those activities. The lists are composed of the following elements:

- (a) A first column indicating the sector or sub-sector in which the commitment is assumed by the Party, and the scope of liberalisation to which the reservations apply.
- (b) A second column describing the applicable reservations.

When the column referred to under (b) only includes Member State-specific reservations, Member States not mentioned therein undertake commitments in the sector concerned without reservations (the absence of Member State-specific reservations in a given sector is without prejudice to horizontal reservations or to sectoral EC-wide reservations that may apply).

Sectors or sub-sectors not mentioned in the list below are not committed.

2. In identifying individual sectors and sub-sectors:
  - (a) ISIC rev 3.1 means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, No 4, *ISIC REV 3.1*, 2002.
  - (b) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, No 77, *CPC prov*, 1991.
  - (c) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, No 77, *CPC ver 1.0*, 1998.
3. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures when they do not constitute a market access or a national treatment limitation within the meaning of Articles 67 and 68 of the Agreement. Those measures (e.g. need to obtain a license, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, non-discriminatory requirement that certain activities may not be carried out in environmental protected zones or areas of particular historic and artistic interest), even if not listed, apply in any case to investors of the other Party.
4. In accordance with Article 60(3) of the Agreement, the list below does not include measures concerning subsidies granted by the Parties.
5. In accordance with Article 67 of the Agreement non-discriminatory requirements as regards the types of legal form of an establishment are not included in the list below.
6. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

1. The list of reservations below indicates the services sectors liberalised by the EC Party pursuant to Article 83(2) and 83 (3) and the specific discriminatory limitations which apply thereto. The lists are composed of the following elements:

- (a) A first column indicating the sector or sub-sector in which limitations apply.
- (b) A second column describing the applicable limitations.

When no specific limitations, other than those specified in Title II of the Agreement, apply to both contractual service suppliers (CSS) and independent professionals (IP), 'none' is inscribed next to the relevant Member State(s).

2. In identifying individual sectors and sub-sectors, CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, No 77, *CPC prov*, 1991.
3. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures, and measures regarding employment, work and social security conditions when they do not constitute a discriminatory limitation within the meaning of Article 83(2) and (3) of the Agreement. Those measures (e.g. need to obtain a license, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, need to have a legal domicile where the activity is performed, need to comply with national regulations and practices concerning minimum wages and with collective wage agreements in the host country), even if not listed, apply in any case to contractual services suppliers and independent professionals of the other Party.
4. In accordance with Article 60(3) of the Agreement, the list below does not include measures concerning subsidies granted by the Parties.
5. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.
6. In those sectors where economic needs tests are applied, their main criteria will be the assessment of the relevant market situation in the Member State of the European Union or the region where the service is to be provided, including with respect to the number of, and the impact on, existing services suppliers.
7. The rights and obligations arising from this list of reservations shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.
8. Commitments on contractual services suppliers and independent professionals do not apply in cases where the intent or effect of their temporary presence is to interfere with or otherwise affect the outcome of any labour/management dispute or negotiation.

## CARIFORUM PARTY AND SIGNATORY CARIFORUM STATES

1. This 'List of Commitments on Investment (Commercial Presence) in Economic Activities other than Services Sectors' (hereinafter referred to as the Schedule) is limited to non-service sectors as described by the International Standard Industrial Classification of all Economic Activities as set out by the Statistical Office of the United Nations (ISIC Rev. 3.1). It includes the following sectors:
  - A. Agriculture, hunting and forestry
  - B. Fishing
  - C. Mining and quarrying
  - D. Manufacturing
  - E. Production, transmission and distribution on own account of electricity, gas, steam and hot water
2. This Schedule sets out the reservations taken by Signatory CARIFORUM States with respect to measures that do not conform with obligations set out in Title II of this Agreement. Only sectors in which there are reservations or limitations are listed but the Schedule covers all sub-sectors of the sectors listed above.
3. This Schedule includes all CARIFORUM States, except The Bahamas and Haiti, unless otherwise stated. Sub-sectors of A, B, C and D that are not listed are open in all Signatory CARIFORUM States without limitations in market access or national treatment. CARIFORUM States that are not listed in sub-sectors included in this list are open without limitations on market access or national treatment in these sub-sectors.
4. Subject to Article 238, the commitments listed in this Schedule apply only to the relations between Signatory CARIFORUM States on the one hand and the European Community and its Member States on the other and do not affect the rights and obligations of the Signatory CARIFORUM States arising from obligations under the Revised Treaty of Chaguaramas Establishing the Caribbean Community including the CARICOM Single Market and Economy, or the CARICOM-Dominican Republic Free Trade Agreement.
5. The CARIFORUM Party reserves the right to set out in its Schedule, within two years of the date of entry into force of this Agreement, any non-conforming measures existing at the time of the signature of this Agreement not herein under listed.
6. This Schedule cannot be construed as committing in any way to the privatisation of public undertakings nor as preventing any Signatory CARIFORUM State from regulating any sector or economic activity in order to meet national policy objectives.
7. The Schedule below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures when they do not constitute a market access or a national treatment limitation within the meaning of Articles 67 and 68 of the Agreement. Those measures (e.g. need to obtain a license, need to register with the Registrar of Companies, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, non-discriminatory requirement that certain activities may not be carried out in environmental protected zones or areas of particular historic and artistic interest), even if not listed, apply in any case to investors of the other Party.
8. Non-discriminatory requirements as regards the types of legal form of an establishment are not included in the list below.
9. The rights and obligations arising from this Schedule of commitments shall have no self-executing effect and thus confer no rights directly to natural persons or juridical persons.

## CARIFORUM PARTY AND SIGNATORY CARIFORUM STATES

1. This 'List of Commitments in Services Sectors' (hereinafter referred to as the 'Schedule') is based on the UN Central Product Classification (CPC) list and the services sectoral classification list (MTN.GNS/W/120) used in GATS negotiations but also includes some service activities not covered by these classification schemes. The inclusion of two asterisks (\*) indicates that the services specified constitute only a part of the total range of activities covered by the CPC concordance.
2. This Schedule is consistent with the GATS scheduling template and includes only those service activities in which the Signatory CARIFORUM States are undertaking commitments. With respect to market access and national treatment commitments, the different modes of supply are indicated by the following numbers:
  - (1) Supply from the territory of a Party into the territory of the other Party (Mode 1);
  - (2) Supply in the territory of a Party to the service consumer of the other Party (Mode 2);
  - (3) Supply through commercial presence (Mode 3);
  - (4) Supply through the presence of natural persons (Mode 4).
3. With regard to the categories of natural persons listed in Chapter 4 of Title II the following should be noted:
 

Key Personnel and Graduate Trainees — where there is a commitment in Mode 3 there is an automatic commitment regarding temporary entry for these categories of persons, subject to an economic needs test, unless otherwise indicated.

Contractual service suppliers (CSS) and independent professionals (IP) — commitments are undertaken only where specifically indicated in the Schedule by CSS or IP. Where a commitment on contractual service suppliers or independent professionals is included in this Schedule it is subject to the conditions stipulated in Article 83, unless otherwise stated.
4. Where there is an indication of 'None' for Mode 4 it means that there are no limitations or restrictions for all categories of natural persons except contractual service suppliers and independent professionals.
5. In those sectors in which economic needs tests (ENTs) are applied for Mode 4, the main criterion will be availability of persons with the requisite skills in the local labour market. With regard to other modes of supply, the main criteria for ENTs will be the assessment of the relevant market situation where the service is to be provided, with respect to the number of, and the impact on, existing service suppliers.
6. This Schedule includes all CARIFORUM States, except The Bahamas and Haiti, unless otherwise stated.
7. Subject to Article 238, the commitments listed in this Schedule apply only to the relations between the Signatory CARIFORUM States on the one hand and the European Communities and their Member States on the other and do not affect the rights and obligations of the Signatory CARIFORUM States arising from obligations under the Revised Treaty of Chaguaramas Establishing the Caribbean Community including the CARICOM Single Market and Economy, or the CARICOM-Dominican Republic Free Trade Agreement.
8. This Schedule of commitments cannot be construed as offering in any way the privatisation of public undertakings nor as preventing any Signatory CARIFORUM State from regulating any sector or economic activity in order to meet national policy objectives.
9. With regard to the economic activities covered in Chapters 2 and 3 of Title II, other than public services, without prejudice to the content of the list of commitments on commercial presence and on cross-border supply in this Annex, the Signatory CARIFORUM States shall maintain the conditions of market access and national treatment in the meaning of Articles 67 and 68, and Articles 76 and 77 applicable according to their respective legislation to services, service suppliers, investors and commercial presences of the EC Party at the time of the signature of this Agreement.

10. The Schedule of commitments may not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures when they do not constitute a market access or a national treatment limitation within the meaning of Articles 67 and 68, and 76 and 77 of the Agreement. Those measures (e.g. need to obtain a license, need to register with the Registrar of Companies, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, non-discriminatory requirement that certain activities may not be carried out in environmental protected zones or areas of particular historic and artistic interest), even if not listed, apply in any case to service suppliers of the other Party.
11. The rights and obligations arising from this Schedule of commitments shall have no self-executing effect and thus confer no rights directly to natural persons or juridical persons.

- (a) products wholly obtained in the EC Party within the meaning of Article 6 of this Protocol;
- (b) products obtained in the EC Party incorporating materials which have not been wholly obtained there, provided that such materials have undergone sufficient working or processing in the EC Party within the meaning of Article 7.

- (a) products wholly obtained in the CARIFORUM States within the meaning of Article 6 of this Protocol;
- (b) products obtained in CARIFORUM States incorporating materials which have not been wholly obtained there, provided that such materials have undergone sufficient working or processing in that CARIFORUM State within the meaning of Article 7.

3. For the purpose of implementing paragraph 2, the territories of the CARIFORUM States shall be considered as being one territory.

Originating products made up of materials wholly obtained or sufficiently worked or processed in two or more CARIFORUM States shall be considered as products originating in the CARIFORUM State where the last working or processing took place, provided the working or processing carried out there goes beyond that referred to in Article 8 of this Protocol.

4. For the products listed in Annex X and the products of tariff heading 1006, the provisions of paragraph 3 shall apply after 1 October 2015 and 1 January 2010 respectively.

### Article 3

#### Cumulation in the EC Party

1. For the purpose of Article 2(1), materials originating in the CARIFORUM States, in the OCTs or in the other ACP States shall be considered as materials originating in the EC Party when incorporated into a product obtained there. It shall not be necessary that such materials have undergone sufficient working or processing, provided they have undergone working or processing going beyond that referred to in Article 8.

2. For the purpose of Article 2(1), working and processing carried out in the CARIFORUM States, in the OCTs or in the other ACP States shall be considered as having been carried out in the EC Party, when the materials undergo subsequent working or processing in the EC Party going beyond that referred to in Article 8.

3. The cumulation provided for in paragraphs 1 and 2 of this Article may only be applied with respect to the OCTs and the other ACP States provided that:

- (a) the countries involved in the acquisition of the originating status and the country of destination have concluded an agreement on administrative cooperation which ensures a correct implementation of this Article;

The Commission shall publish in the *Official Journal of the European Union* (C series) and the CARIFORUM States shall publish according to their own procedures the date on which the cumulation provided for in this article may be applied with those countries or territories listed in this Article which have fulfilled the necessary requirements.

### Article 4

#### Cumulation in the CARIFORUM States

1. For the purpose of Article 2(2), materials originating in the EC Party, in the OCTs or in the other ACP States shall be

considered as materials originating in the CARIFORUM States when incorporated into a product obtained there. It shall not be necessary that such materials have undergone sufficient working or processing, provided they have undergone working or processing going beyond that referred to in Article 8.

2. For the purpose of Article 2(2), working and processing carried out in the EC Party, in the OCTs or in the other ACP States shall be considered as having been carried out in the CARIFORUM States, when the materials undergo subsequent working or processing in the CARIFORUM States going beyond that referred to in Article 8.

3. The cumulation provided for in paragraphs 1 and 2 of this Article may only be applied with respect to the OCTs and the other ACP States provided that:

- (a) the countries involved in the acquisition of the originating status and the country of destination have concluded an agreement on administrative cooperation which ensures a correct implementation of this Article;

The Commission shall publish in the *Official Journal of the European Union* (C series) and the CARIFORUM States shall publish according to their own procedures the date on which the cumulation provided for in this article may be applied with those countries or territories listed in this article which have fulfilled the necessary requirements.

4. Notwithstanding paragraphs 1 to 3, with regard to the products listed in Annex X and to the products of tariff heading 1006, the provisions of this Article shall apply after 1 October 2015 and 1 January 2010 respectively, and only when the materials used in the manufacture of such products are originating in, or the working or processing is carried out in other ACP States.

5. This Article shall not apply to products of Annex XII originating in South Africa. The cumulation provided for in this Article shall apply after 31 December 2009 for the products originating in South Africa listed in Annex XIII.

### Article 5

#### Cumulation with neighbouring developing countries

1. At the request of the CARIFORUM States, materials originating in a neighbouring developing country listed in Annex VIII shall be considered as materials originating in a CARIFORUM State when incorporated into a product obtained there.

2. The requests shall be addressed to the Special Committee on Customs Cooperation and Trade Facilitation in accordance with Article 42.

3. It shall not be necessary that such materials have undergone sufficient working or processing, provided that:

- (a) the working or processing carried out in the CARIFORUM State exceeds the operations listed in Article 8;
- (b) the CARIFORUM States, the EC Party and the neighbouring developing countries concerned have concluded an agreement on adequate administrative cooperation procedures which will ensure correct implementation of this paragraph.

4. The Parties shall notify to the Special Committee on Customs Cooperation and Trade Facilitation the products to which the provisions of this Article shall not apply.

5. For the purpose of determining whether the products originate in the neighbouring developing country as defined in Annex VIII, the provisions of this Protocol shall apply.

#### Article 6

##### Wholly obtained products

1. The following shall be considered as wholly obtained in the territory of the CARIFORUM States or in the territory of the EC Party:

- (a) mineral products extracted from their soil or from their seabed;
- (b) fruit and vegetable products harvested there;
- (c) live animals born and raised there;
- (d) products from live animals raised there;

  - (i) products obtained by hunting or fishing conducted there;
  - (ii) products of aquaculture, including mariculture, where the fish are born and raised there;
- (f) products of sea fishing and other products taken from the sea outside the territorial waters of the EC Party or of a CARIFORUM State by their vessels;
- (g) products made aboard their factory ships exclusively from products referred to in (f);

2. The terms 'their vessels' and 'their factory ships' in paragraph 1(f) and (g) shall apply only to vessels and factory ships:

- (a) which are registered in a Member State of the European Union or in a CARIFORUM State;
- (b) which sail under the flag of a Member State of the European Union or of a CARIFORUM State;
- (c) which meet one of the following conditions:

    - which are at least 50 % owned by a Member State of the European Union or by a CARIFORUM State, public entities or nationals of that State.

3. Notwithstanding the provisions of paragraph 2, the EC Party shall recognise, upon request of a CARIFORUM State, that vessels chartered or leased by operators of such CARIFORUM State be treated as 'their vessels' in order to undertake fisheries activities in its exclusive economic zone, provided that the charter or lease agreement, for which operators of the EC Party have been offered the right of first refusal, has been accepted by the Special Committee on Customs Cooperation and Trade Facilitation as providing adequate opportunities for developing the fishing capacity of the requesting CARIFORUM State and in particular as conferring on such CARIFORUM State the nautical and commercial responsibility for the chartered or leased vessels.

#### Article 7

##### Sufficiently worked or processed products

1. For the purposes of Article 2, products which are not wholly obtained are considered to be sufficiently worked or processed when the conditions set out in the List in Annex II are fulfilled.

2. The conditions referred to in paragraph 1 above indicate, for all products covered by the Agreement, the working or processing which must be carried out on non-originating materials used in manufacturing and apply only in relation to such materials. Accordingly, it follows that if a product, which has acquired originating status by fulfilling the conditions set out in the List is used in the manufacture of another product, the conditions applicable to the product in which it is incorporated do not apply to it, and no account shall be taken of the non-originating materials which may have been used in its manufacture.

3. Notwithstanding paragraph 1, non-originating materials which, according to the conditions set out in Annex II should not be used in the manufacture of a given product may nevertheless be used, provided that:

- (a) their total value does not exceed 15 % of the ex-works price of the product;
- (b) any of the percentages given in the List for the maximum value of non-originating materials are not exceeded through the application of this paragraph.

4. Paragraphs 1 to 3 shall apply except as provided in Article 8.

#### Article 8

##### Insufficient working or processing

1. Without prejudice to paragraph 2, the following operations shall be considered as insufficient working or processing to confer the status of originating products, whether or not the requirements of Article 7 are satisfied:

- (a) operations to ensure the preservation of products in good condition during transport and storage;
- (b) breaking-up and assembly of packages;
- (c) washing, cleaning; removal of dust, oxide, oil, paint or other coverings;
- (d) ironing or pressing of textiles;
- (e) painting and polishing operations;
- (f) husking, partial or total bleaching, polishing, and glazing of cereals and rice;
- (g) operations to colour sugar or form sugar lumps; partial or total milling of crystal sugar <sup>(1)</sup>;
- (h) peeling, stoning and shelling, of fruits, nuts and vegetables;
- (i) sharpening, simple grinding or simple cutting;
- (j) sifting, screening, sorting, classifying, grading, matching (including the making-up of sets of articles);
- (k) simple placing in bottles, cans, flasks, bags, cases, boxes, fixing on cards or boards and all other simple packaging operations;
- (l) affixing or printing marks, labels, logos and other like distinguishing signs on products or their packaging;

<sup>(1)</sup> This is understood to mean the reduction of the size of the sugar particles as a result of grinding or milling.

(m) simple mixing of products, whether or not of different kinds; mixing of sugar with any other material <sup>(2)</sup>;

- (n) simple assembly of parts of articles to constitute a complete article or disassembly of products into parts;
- (o) a combination of two or more operations specified in (a) to (n);
- (p) slaughter of animals.

2. All operations carried out either in the EC Party or in the CARIFORUM States on a given product shall be considered together when determining whether the working or processing undergone by that product is to be regarded as insufficient within the meaning of paragraph 1.

#### Article 9

##### Unit of qualification

1. The unit of qualification for the application of the provisions of this Protocol shall be the particular product which is considered as the basic unit when determining classification using the nomenclature of the Harmonised System.

Accordingly, it follows that:

- (a) when a product composed of a group or assembly of articles is classified under the terms of the Harmonised System in a single heading, the whole constitutes the unit of qualification;
- (b) when a consignment consists of a number of identical products classified under the same heading of the Harmonised System, each product must be taken individually when applying the provisions of this Protocol.

2. Where, under General Rule 5 of the Harmonised System, packaging is included with the product for classification purposes, it shall be included for the purposes of determining origin.

#### Article 10

##### Accessories, spare parts and tools

Accessories, spare parts and tools dispatched with a piece of equipment, machine, apparatus or vehicle, which are part of the normal equipment and included in the price thereof or which are not separately invoiced, shall be regarded as one with the piece of equipment, machine, apparatus or vehicle in question.

<sup>(2)</sup> For the purpose of applying this subparagraph and in relation to Article 7 (Sufficiently worked or processed products), the Parties agree that paragraph 2 of Article 8 means that the use of one or more materials already originating in the country of manufacture implies that a processing going beyond a 'minimal operation' has already been carried out in that country of manufacture.

*Article 11***Sets**

Sets, as defined in General Rule 3 of the Harmonised System, shall be regarded as originating when all component products are originating. Nevertheless, when a set is composed of originating and non-originating products, the set as a whole shall be regarded as originating, provided that the value of the non-originating products does not exceed 15 % of the ex-works price of the set.

*Article 12***Neutral elements**

In order to determine whether a product is originating, it shall not be necessary to determine the origin of the following which might be used in its manufacture:

- (a) energy and fuel;
- (b) plant and equipment;
- (c) machines and tools;
- (d) goods which do not enter and which are not intended to enter into the final composition of the product.

2. Where originating goods exported from the CARIFORUM States or from the EC Party to another country are returned, except insofar as provided for in Article 3, 4 and 5, they must be considered as non-originating, unless it can be demonstrated to the satisfaction of the customs authorities that:

- (a) the returned goods are the same goods as those exported; and
- (b) they have not undergone any operation beyond that necessary to preserve them in good condition while in that country or while being exported.

*Article 14***Direct transport**

1. The preferential treatment provided for under the Agreement applies only to products which satisfy the requirements of

this Protocol and which are transported directly between the territory of the CARIFORUM States and the EC Party without entering any other territory. However, products constituting one single consignment may be transported through other territories with, should the occasion arise, trans-shipment or temporary warehousing in such territories, provided that they remain under the surveillance of the customs authorities in the country of transit or warehousing and do not undergo operations other than unloading, reloading or any operation designed to preserve them in good condition.

Originating products may be transported by pipeline across territory other than that of a CARIFORUM State, of the EC Party or of an OCT.

2. Evidence that the conditions set out in paragraph 1 have been fulfilled shall be supplied to the customs authorities of the importing country by the production of:

- (a) a single transport document covering the passage from the exporting country through the country of transit; or
  - (b) a certificate issued by the customs authorities of the country of transit:
    - (i) giving an exact description of the products;

*Article 15***Exhibitions**

1. Originating products, sent from a CARIFORUM State or from the EC Party for exhibition in a country or territory other than those referred to in Articles 3, 4 and 5 and sold after the exhibition for importation into the EC Party or a CARIFORUM State shall benefit on importation from the provisions of the Agreement provided it is shown to the satisfaction of the customs authorities that:

- (a) an exporter has consigned these products from a CARIFORUM State or the EC Party to the country in which the exhibition is held and has exhibited them there;
- (b) the products have been sold or otherwise disposed of by that exporter to a person in a CARIFORUM State or in the EC Party;

- (c) the products have been consigned during the exhibition or immediately thereafter in the state in which they were sent for exhibition;

and

- (d) the products have not, since they were consigned for exhibition, been used for any purpose other than demonstration at the exhibition.

2. A proof of origin must be issued or made out in accordance with the provisions of Title IV and submitted to the customs authorities of the importing country in the normal manner. The name and address of the exhibition must be indicated thereon. Where necessary, additional documentary evidence of the conditions under which they have been exhibited may be required.

3. Paragraph 1 shall apply to any trade, industrial, agricultural or crafts exhibition, fair or similar public show or display which is not organised for private purposes in shops or business premises with a view to the sale of foreign products, and during which the products remain under customs control.

##### Article 17

#### Procedure for the issue of a movement certificate EUR.1

1. A movement certificate EUR.1 shall be issued by the customs authorities of the exporting country on application having been made in writing by the exporter or, under the exporter's responsibility, by his authorised representative.

2. For this purpose, the exporter or his authorised representative shall fill out both the movement certificate EUR.1 and the application form, specimens of which appear in Annex III. These forms shall be completed in accordance with the provisions of this Protocol. If they are handwritten, they shall be completed in ink in printed characters. The description of the products must be given in the box reserved for this purpose without leaving any blank lines. Where the box is not completely filled, a horizontal line must be drawn below the last line of the description, the empty space being crossed through.

The exporter applying for the issue of a movement certificate EUR.1 shall be prepared to submit at any time, at the request of the customs authorities of the exporting country where the movement certificate EUR.1 is issued, all appropriate documents proving the originating status of the products concerned as well as the fulfilment of the other requirements of this Protocol.

4. A movement certificate EUR.1 shall be issued by the customs authorities of a Member State of the European Union or of a CARIFORUM State if the products concerned can be considered as products originating in the EC Party or in a CARIFORUM State or in one of the other countries or territories referred to in Articles 3, 4 and 5 and fulfil the other requirements of this Protocol.

5. The issuing customs authorities shall take any steps necessary to verify the originating status of the products and the fulfilment of the other requirements of this Protocol. For this purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounts or any other check considered appropriate. The issuing customs authorities shall also ensure that the forms referred to in paragraph 2 are duly completed. In particular, they shall check whether the space reserved for the description of the products has been completed in such a manner as to exclude all possibility of fraudulent additions.

6. The date of issue of the movement certificate EUR.1 shall be indicated in Box 11 of the certificate.

7. A movement certificate EUR.1 shall be issued by the customs authorities and made available to the exporter as soon as actual exportation has been effected or ensured.

##### Article 18

#### Movement certificates EUR.1 issued retrospectively

1. Notwithstanding Article 17(7), a movement certificate EUR.1 may exceptionally be issued after exportation of the products to which it relates if:

(a) it was not issued at the time of exportation because of errors or involuntary omissions or special circumstances; or

(b) it is demonstrated to the satisfaction of the customs authorities that a movement certificate EUR.1 was issued but was not accepted at importation for technical reasons.

2. For the implementation of paragraph 1, the exporter must indicate in his application the place and date of exportation of the products to which the movement certificate EUR.1 relates, and state the reasons for his request.

3. The customs authorities may issue a movement certificate EUR.1 retrospectively only after verifying that the information supplied in the exporter's application agrees with that in the corresponding file.

'DUPLICATE'

3. The endorsement referred to in paragraph 2 shall be inserted in the 'Remarks' box of the duplicate movement certificate EUR.1.

4. The duplicate, which must bear the date of issue of the original movement certificate EUR.1, shall take effect as from that date.

#### Article 20

##### Issue of movement certificates EUR.1 on the basis of a proof of origin issued or made out previously

When originating products are placed under the control of a customs office in a CARIFORUM State or in the EC Party, it shall be possible to replace the original proof of origin by one or more movement certificates EUR.1 for the purpose of sending all or some of these products elsewhere within the CARIFORUM States or within the EC Party. The replacement movement certificate(s) EUR.1 shall be issued by the customs office under whose control the products are placed.

#### Article 21

4. An invoice declaration shall be made out by the exporter by typing, stamping or printing on the invoice, the delivery note or another commercial document, the declaration, the text of which appears in Annex IV to this Protocol, using one of the linguistic versions set out in that Annex and in accordance with the provisions of the domestic law of the exporting country. If the declaration is handwritten, it shall be written in ink in printed characters.

5. Invoice declarations shall bear the original signature of the exporter in manuscript. However, an approved exporter within the meaning of Article 22 shall not be required to sign such declarations provided that he gives the customs authorities of the exporting country a written undertaking that he accepts full responsibility for any invoice declaration which identifies him as if it had been signed in manuscript by him.

6. An invoice declaration may be made out by the exporter when the products to which it relates are exported, or after exportation on condition that it is presented in the importing country no longer than two years after the importation of the products to which it relates.

#### Article 22

##### Approved exporter

1. The customs authorities of the exporting country may authorise any exporter who makes frequent shipments of products under the trade cooperation provisions of the Agreement to make out invoice declarations irrespective of the value of the products concerned. An exporter seeking such authorisation must offer to the satisfaction of the customs authorities all guarantees necessary to verify the originating status of the products as well as the fulfilment of the other requirements of this Protocol.

2. The customs authorities may grant the status of approved exporter subject to any conditions which they consider appropriate.

3. The customs authorities shall grant to the approved exporter a customs authorisation number which shall appear on the invoice declaration.

4. The customs authorities shall monitor the use of the authorisation by the approved exporter.

5. The customs authorities may withdraw the authorisation at any time. They shall do so where the approved exporter no longer offers the guarantees referred to in paragraph 1, does not fulfil the conditions referred to in paragraph 2 or otherwise makes an incorrect use of the authorisation.

#### Article 23

##### Validity of proof of origin

1. A proof of origin shall be valid for ten months from the date of issue in the exporting country, and must be submitted within the said period to the customs authorities of the importing country.

2. Proof of origin which are submitted to the customs authorities of the importing country after the final date for presentation specified in paragraph 1 may be accepted for the purpose of applying preferential treatment, where the failure to submit these documents by the final date set is due to exceptional circumstances.

3. In other cases of belated presentation, the customs authorities of the importing country may accept the proofs of origin where the products have been submitted before the said final date.

#### Article 24

##### Submission of proof of origin

Proof of origin shall be submitted to the customs authorities of the importing country in accordance with the procedures applicable in that country. The said authorities may require a translation of a proof of origin and may also require the import declaration to be accompanied by a statement from the importer to the effect that the products meet the conditions required for the implementation of the Agreement.

#### Article 25

##### Importation by instalments

Where, at the request of the importer and on the conditions laid down by the customs authorities of the importing country, dismantled or non-assembled products within the meaning of General Rule 2(a) of the Harmonised System falling within Sections XVI and XVII or heading 7 308 and 9 406 of the Harmonised System are imported by instalments, a single proof of origin for such products shall be submitted to the customs authorities upon importation of the first instalment.

#### Article 26

##### Exemptions from proof of origin

1. Products sent as small packages from private persons to private persons or forming part of travellers' personal luggage shall be admitted as originating products without requiring the submission of a proof of origin, provided that such products are not imported by way of trade and have been declared as meeting the requirements of this Protocol and where there is no doubt as to the veracity of such a declaration. In the case of products sent by post, this declaration can be made on customs declaration CN22/CN23 or on a sheet of paper annexed to that document.

2. Imports which are occasional and consist solely of products for the personal use of the recipients or travellers or their families shall not be considered as imports by way of trade if it is evident from the nature and quantity of the products that no commercial purpose is in view.

3. Furthermore, the total value of these products shall not exceed EUR 500 in the case of small packages or EUR 1 200 in the case of products forming part of travellers' personal luggage.

#### Article 27

##### Information procedure for cumulation purposes

1. When Articles 2(3), 3(1) and 4(1) are applied, the evidence of originating status within the meaning of this Protocol of the materials coming from a CARIFORUM State, from the EC Party, from another ACP State or from an OCT shall be given by a movement certificate EUR 1 or by the supplier's declaration, a specimen of which appears in Annex V A to this Protocol, given by the exporter in the State or in the EC Party from which the materials came.

2. When Articles 2(3), 3(2) and 4(2) are applied, the evidence of the working or processing carried out in a CARIFORUM State, in the EC Party, in another ACP State or in an OCT shall be given by the supplier's declaration, a specimen of which appears in Annex V A and Annex V B to this Protocol, given by the exporter in the State or in the EC Party from which the materials came.

3. A separate supplier's declaration shall be made up by the supplier for each consignment of material on the commercial invoice related to that shipment or in an annex to that invoice, or on a delivery note or other commercial document related to that shipment which describes the materials concerned in sufficient detail to enable them to be identified.

4. The supplier's declaration may be made out on a pre-printed form.

5. The suppliers' declarations shall bear the original signature of the supplier in manuscript. However, where the invoice and the supplier's declaration are established using electronic data-processing methods, the supplier's declaration need not be signed in manuscript provided the responsible official in the supplying company is identified to the satisfaction of the

customs authorities in the State where the suppliers' declarations are established. The said customs authorities may lay down conditions for the implementation of this paragraph.

6. The supplier's declarations shall be submitted to the customs authorities in the exporting country requested to issue the movement certificate EUR 1.

7. The supplier making out a declaration must be prepared to submit at any time, at the request of the customs authorities of the country where the declaration is made out, all appropriate documents proving that the information given on this declaration is correct.

8. Suppliers' declarations made and information certificates issued before the date of application of this Protocol in accordance with Article 26 of Protocol 1 to the Cotonou Agreement shall remain valid.

#### Article 28

##### Supporting documents

The documents referred to in Articles 17(3) and 21(3) used for the purpose of proving that products covered by a movement certificate EUR.1 or an invoice declaration can be considered as products originating in a CARIFORUM State, in the EC Party or in one of the other countries or territories referred to in Articles 3, 4 and 5 and fulfil the other requirements of this Protocol may consist *inter alia* of the following:

- (a) direct evidence of the processes carried out by the exporter or supplier to obtain the goods concerned, contained for example in his accounts or internal bookkeeping;
- (b) documents proving the originating status of materials used, issued or made out in a CARIFORUM State, in the EC Party or in one of the other countries or territories referred to in Articles 3, 4 and 5 where these documents are used in accordance with domestic law;
- (c) documents proving the working or processing of materials in the CARIFORUM States, in the EC Party or in one of the other countries or territories referred to in Articles 3 and 4 issued or made out in a CARIFORUM State, in the EC Party or in one of the other countries or territories referred to in Articles 3 and 4 where these documents are used in accordance with domestic law;
- (d) movement certificates EUR.1 or invoice declarations proving the originating status of materials used, issued or made out in the CARIFORUM States, in the EC Party or in one of the other countries or territories referred to in Articles 3, 4 and 5 and in accordance with this Protocol.

#### Article 29

##### Preservation of proof of origin and supporting documents

1. The exporter applying for the issue of a movement certificate EUR.1 shall keep for at least three years the documents referred to in Article 17(3).
2. The exporter making out an invoice declaration shall keep for at least three years a copy of this invoice declaration as well as the documents referred to in Article 21(3).
3. The supplier making out a supplier's declaration shall keep for at least three years copies of the declaration and of the invoice, delivery notes or other commercial document to which this declaration is annexed as well as the documents referred to in Article 27(7).
4. The customs authorities of the exporting country issuing a movement certificate EUR.1 shall keep for at least three years the application form referred to in Article 17(2).
5. The customs authorities of the importing country shall keep for at least three years the movement certificates EUR.1 and the invoice declarations submitted to them.

#### Article 30

##### Discrepancies and formal errors

1. The discovery of slight discrepancies between the statements made in the proof of origin and those made in the documents submitted to the customs office for the purpose of carrying out the formalities for importing the products shall not *ipso facto* render the proof of origin null and void if it is duly established that this document does correspond to the products submitted.
2. Obvious formal errors such as typing errors on a proof of origin should not cause this document to be rejected if these errors are not such as to create doubts concerning the correctness of the statements made in this document.

#### TITLE V

##### ARRANGEMENTS FOR ADMINISTRATIVE COOPERATION

#### Article 31

##### Administrative conditions for products to benefit from the Agreement

Products originating within the meaning of this Protocol in the CARIFORUM States or in the EC Party shall benefit from the preferences resulting from the Agreement only on condition that the necessary arrangements, structures and systems required for the implementation and enforcement of the rules and procedures laid down in this Protocol are in place.

*Article 32***Notification of information related to customs authorities**

1. The CARIFORUM States and the Member States of the European Union shall provide each other, through the Commission of the European Communities, with the addresses of the customs authorities responsible for issuing and verifying of movement certificates EUR.1 and invoice declarations or supplier's declarations, and with specimen impressions of the stamps used in their customs offices for the issue of these certificates.

Movement certificates EUR.1 and invoice declarations or supplier's declarations shall be accepted for the purpose of applying preferential treatment from the date the information is received by the Commission of the European Communities.

2. The CARIFORUM States and the Member States of the European Union shall inform each other through the Commission of the European Communities immediately whenever there are any changes to the information referred to in paragraph 1.

*Article 33***Mutual assistance**

In order to ensure the proper application of this Protocol, the EC Party, the CARIFORUM States and the other countries referred to in Articles 3, 4 and 5 shall assist each other, through the competent customs administrations, in checking the authenticity of the movement certificates EUR.1, the invoice declarations or the supplier's declarations and the correctness of the information given in these documents.

The authorities consulted shall furnish the relevant information concerning the conditions under which the product has been made, indicating especially the conditions in which the rules of origin have been respected in the various CARIFORUM States, Member States of the European Union and other countries referred to in Articles 3, 4 and 5 concerned.

*Article 34***Verification of proof of origin**

1. Subsequent verifications of proof of origin shall be carried out at random or based on risk analysis or whenever the customs authorities of the importing country have reasonable doubts as to the authenticity of such documents, the originating status of the products concerned or the fulfilment of the other requirements of this Protocol.

2. For the purposes of implementing the provisions of paragraph 1, the customs authorities of the importing country shall return the movement certificate EUR.1 and the invoice, if it has been submitted, the invoice declaration, or a copy of these documents, to the customs authorities of the exporting country giving, where appropriate, the reasons for the request for verification. Any documents and information obtained suggesting that the information given on the proof of origin is incorrect shall be forwarded in support of the request for verification.

3. The verification shall be carried out by the customs authorities of the exporting country. For this purpose, they shall

have the right to call for any evidence and to carry out any inspection of the exporter's accounts or any other check considered appropriate.

4. If the customs authorities of the importing country decide to suspend the granting of preferential treatment to the products concerned while awaiting the results of the verification, release of the products shall be offered to the importer subject to any precautionary measures judged necessary.

5. The customs authorities requesting the verification shall be informed of the results of this verification as soon as possible. These results must indicate clearly whether the documents are authentic and whether the products concerned can be considered as products originating in a CARIFORUM State, in the EC Party or in one of the other countries referred to in Article 3, 4 and 5 and fulfil the other requirements of this Protocol.

6. If in cases of reasonable doubt there is no reply within ten months of the date of the verification request or if the reply does not contain sufficient information to determine the authenticity of the document in question or the real origin of the products, the requesting customs authorities shall, except in exceptional circumstances, refuse entitlement to the preferences.

7. Where the verification procedure or any other available information appears to indicate that the provisions of this Protocol are being contravened, the exporting country on its own initiative or at the request of the importing country shall carry out appropriate enquires or arrange for such enquiries to be carried out with due urgency to identify and prevent such contraventions and for this purpose the exporting country concerned may invite the participation of the importing country in these enquiries.

*Article 35***Verification of suppliers' declarations**

1. Verification of suppliers' declarations shall be carried out at random or based on risk analysis or whenever the customs authorities of the importing State have reasonable doubt as to the authenticity of the document or the accuracy or completeness of the information concerning the true origin of the materials in question.

2. The customs authorities to which a supplier's declaration is submitted may request the customs authorities of the State where the declaration was made to issue an information certificate, a specimen of which appears in Annex VI to this Protocol. Alternatively, the customs authorities to which a supplier's declaration is submitted may request the exporter to produce an information certificate issued by the customs authorities of the State where the declaration was made.

A copy of the information certificate shall be preserved by the office which has issued it for at least three years.

3. The customs authorities requesting the verification shall be informed of the results thereof as soon as possible. The results must indicate clearly whether the information given in the supplier's declaration is correct and make it possible for the

customs authorities to determine whether and to what extent this supplier's declaration could be taken into account for issuing a movement certificate EUR.1 or for making out an invoice declaration.

4. The verification shall be carried out by the customs authorities of the country where the supplier's declaration was made out. For this purpose, they shall have the right to call for any evidence or to carry out any inspection of the supplier's account or any other check which they consider appropriate in order to verify the correctness of any supplier's declaration.

5. Any movement certificate EUR.1 or invoice declaration issued or made out on the basis of an incorrect supplier's declaration shall be considered null and void.

#### Article 36

##### Dispute settlement

Where disputes arise in relation to the verification procedures of Articles 34 and 35 which cannot be settled between the customs authorities requesting a verification and the customs authorities responsible for carrying out this verification or where they raise a question as to the interpretation of this Protocol, they shall be submitted to the Special Committee on Customs Cooperation and Trade Facilitation.

In all cases the settlement of disputes between the importer and the customs authorities of the importing country shall take place under the legislation of that country.

#### Article 37

##### Penalties

Penalties shall be imposed on any person who draws up, or causes to be drawn up, a document which contains incorrect information for the purpose of obtaining a preferential treatment for products.

#### Article 38

##### Free zones

1. The CARIFORUM States and the EC Party shall take all necessary steps to ensure that products traded under cover of a proof of origin or a supplier's declaration and which in the course of transport use a free zone situated in their territory, are not substituted by other goods and do not undergo handling other than normal operations designed to prevent their deterioration.

2. By means of an exemption to the provisions contained in paragraph 1, when originating products are imported into a free zone under cover of a proof of origin and undergo treatment or processing, the authorities concerned shall issue a new movement certificate EUR.1 at the exporter's request, if the treatment

or processing undergone complies with the provisions of this Protocol.

#### Article 39

##### Derogations

1. Derogations from this Protocol may be adopted by the Special Committee on Customs Cooperation and Trade Facilitation, hereafter in this Article referred to as 'the Committee', in favour of products exported from the CARIFORUM States.

2. Derogations from this Protocol may be adopted where the development of existing industries or the creation of new industries in the CARIFORUM States justifies the adoption of such derogations.

3. The CARIFORUM State or States concerned shall, either before or when the request for derogation is submitted to the Committee, notify the EC Party of its request for a derogation together with the reasons for the request in accordance with paragraph 5.

4. The EC Party shall respond positively to all the CARIFORUM States' requests which are duly justified in conformity with this Article and which cannot cause serious injury to an established EC Party industry.

5. In order to facilitate the examination by the Committee of requests for derogation, the CARIFORUM State or States making the request shall, by means of the form given in Annex VII to this Protocol, furnish in support of their request the fullest possible information covering in particular the following:

- description of the finished product,
- nature and quantity of materials originating in third countries,
- nature and quantity of materials originating in CARIFORUM States or the countries or territories referred to in Articles 3 and 4, or the materials which have been processed in these countries or territories,
- manufacturing processes,
- added value achieved,
- number of employees in the enterprise concerned,
- anticipated volume of exports to the EC Party,
- other possible sources of supply for raw materials,
- reasons for the duration requested in the light of efforts made to find new sources of supply,
- other observations.

The Committee may modify the form.

6. The examination of requests for derogation shall in particular take into account:

- (a) the level of development or the geographical situation of the CARIFORUM State or States concerned;
- (b) cases where the application of the existing rules of origin would significantly affect the ability of an existing industry in a CARIFORUM State or States to continue their exports to the EC Party, with particular reference to cases where this could lead to cessation of its activities;
- (c) specific cases where it can be clearly demonstrated that significant investment in an industry could be deterred by the rules of origin and where a derogation favouring the realisation of the investment programme would enable these rules to be satisfied by stages.

7. In every case an examination shall be made to ascertain whether the rules relating to cumulation of origin do not provide a solution to the problem.

8. The Committee shall take steps necessary to ensure that a decision on a request for derogation is reached as soon as possible and, in any case, not later than seventy-five working days after the request is received by the EC Party. If the EC Party does not inform the CARIFORUM State of its position on the request within this period, the request shall be deemed to have been accepted.

9. (a) The derogation shall be valid for a period, generally of five years, to be determined by the Committee.

- (b) The derogation decision may provide for renewals without a new decision of the Committee being necessary, provided that the CARIFORUM State or States concerned submit, three months before the end of each period, proof that they are still unable to meet the conditions of this Protocol which have been derogated from.

If any objection is made to the extension, the Committee shall examine it as soon as possible and decide whether to prolong the derogation. The Committee shall proceed as provided for in paragraph 8. All necessary measures shall be taken to avoid interruptions in the application of the derogation.

- (c) In the periods referred to in subparagraphs (a) and (b), the Committee may review the terms for implementing the derogation should a significant change be found to have taken place in the substantive factors governing the decision to grant the derogation. On conclusion of its review the Committee may decide to amend the terms of its decision as regards the scope of derogation or any other condition previously laid down.

## TITLE VI

### CEUTA AND MELILLA

#### Article 40

#### Special conditions

1. The term 'EC Party' used in this Protocol does not cover Ceuta and Melilla. The term 'products originating in the EC Party' does not cover products originating in Ceuta and Melilla.

2. The provisions of this Protocol shall apply *mutatis mutandis* in determining whether products may be deemed as originating in a CARIFORUM State when imported into Ceuta and Melilla.

3. Where products wholly obtained in Ceuta, Melilla or in the EC Party undergo working and processing in a CARIFORUM State, they shall be considered as having been wholly obtained in a CARIFORUM State.

4. Working or processing carried out in Ceuta, Melilla or in the EC Party shall be considered as having been carried out in a CARIFORUM State, when materials undergo further working or processing in a CARIFORUM State.

5. For the purpose of implementing paragraphs 3 and 4, the insufficient operations listed in Article 8 of this Protocol shall not be considered as working or processing.

6. Ceuta and Melilla shall be considered as a single territory.

## TITLE VII

### FINAL PROVISIONS

#### Article 41

#### Amendment of the Protocol

The Joint CARIFORUM-EC Council may decide to amend the provisions of this Protocol.

#### Article 42

#### Tasks of the Special Committee on Customs Cooperation and Trade Facilitation

In accordance with the provisions of Article 36 of the Agreement the Special Committee on Customs Cooperation and Trade Facilitation shall:

- (b) take decisions on derogations from this Protocol under the conditions laid down in Article 39;
- (c) monitor the implementation and the administration of the provisions of this Protocol.

*Article 43***Review**

The Parties shall review the provisions of paragraph 4 of Article 2 and of paragraph 4 of Article 4 after three years from the signature of the Agreement with a view to reducing the products listed in Annex X to this Protocol.

*Article 44***Annexes**

The Annexes to this Protocol shall form an integral part thereof.

---

## ANNEX I to Protocol I

**Introductory notes to the list in Annex II <sup>(1)</sup>***Note 1:*

The list sets out the conditions required for all products to be considered as sufficiently worked or processed within the meaning of Article 7 of the Protocol.

*Note 2:*

1. The first two columns in the list describe the product obtained. The first column gives the heading number or chapter number used in the Harmonised System and the second column gives the description of goods used in that system for that heading or chapter. For each entry in the first two columns a rule is specified in columns 3 or 4. Where, in some cases, the entry in the first column is preceded by an 'ex', this signifies that the rules in columns 3 or 4 apply only to the part of that heading as described in column 2.
2. Where several heading numbers are grouped together in column 1 or a chapter number is given and the description of products in column 2 is therefore given in general terms, the adjacent rules in columns 3 or 4 apply to all products which, under the Harmonised System, are classified in headings of the chapter or in any of the headings grouped together in column 1.
3. Where there are different rules in the list applying to different products within a heading, each indent contains the description of that part of the heading covered by the adjacent rules in columns 3 or 4.
4. Where, for an entry in the first two columns, a rule is specified in both columns 3 and 4, the exporter may opt, as an alternative, to apply either the rule set out in column 3 or that set out in column 4. If no origin rule is given in column 4, the rule set out in column 3 has to be applied.

*Note 3:*

1. The provisions of Article 7 of the Protocol concerning products having acquired originating status which are used in the manufacture of other products apply regardless of whether this status has been acquired inside the factory where these products are used or in another factory in the EC Party or in the CARIFORUM States.

*Example:*

An engine of heading No 8407, for which the rule states that the value of the non-originating materials which may be incorporated may not exceed 40 % of the ex-works price, is made from 'other alloy steel roughly shaped by forging' of heading No ex 7224.

If this forging has been forged in the EC Party from a non-originating ingot, it has already acquired originating status by virtue of the rule for heading No ex 7224 in the list. The forging can then count as originating in the value calculation for the engine regardless of whether it was produced in the same factory or in another factory in the EC Party. The value of the non-originating ingot is thus not taken into account when adding up the value of the non-originating materials used.

2. The rule in the list represents the minimum amount of working or processing required and the carrying out of more working or processing also confers originating status; conversely, the carrying out of less working or processing cannot confer originating status. Therefore, if a rule provides that non-originating material at a certain level of manufacture may be used, the use of such material at an earlier stage of manufacture is allowed and the use of such material at a later stage is not.
3. Without prejudice to Note 3.2 where a rule states that 'materials of any heading' may be used, materials of the same heading as the product may also be used, subject, however, to any specific limitations which may also be contained in the rule. However, the expression 'manufacture from materials of any heading, including other materials of heading No ...' means that only materials classified in the same heading as the product of a different description than that of the product as given in column 2 of the list may be used.
4. When a rule in the list specifies that a product may be manufactured from more than one material, this means that any one or more materials may be used. It does not require that all be used.

*Example:*

The rule for fabrics of heading Nos 5208 to 5212 provides that natural fibres may be used and that chemical materials, among other materials, may also be used. This does not mean that both have to be used; it is possible to use one or the other or both.

<sup>(1)</sup> All examples are given for the purpose of explanation only. They are not legally binding.

5. Where a rule in the list specifies that a product must be manufactured from a particular material, the condition obviously does not prevent the use of other materials which, because of their inherent nature, cannot satisfy the rule. (See also Note 6.3 below in relation to textiles).

Example:

The rule for prepared foods of heading No 1904 which specifically excludes the use of cereals and their derivatives does not prevent the use of mineral salts, chemicals and other additives which are not products from cereals.

However, this does not apply to products which, although they cannot be manufactured from the particular materials specified in the list, can be produced from a material of the same nature at an earlier stage of manufacture.

Example:

In the case of an article of apparel of ex Chapter 62 made from non-woven materials, if the use of only non-originating yarn is allowed for this class of article, it is not possible to start from non-woven cloth — even if non-woven cloth cannot normally be made from yarn. In such cases, the starting material would normally be at the stage before yarn — that is the fibre stage.

6. Where, in a rule in the list, two percentages are given for the maximum value of non-originating materials that can be used, then these percentages may not be added together. In other words, the maximum value of all the non-originating materials used may never exceed the highest of the percentages given. Furthermore, the individual percentages must not be exceeded in relation to the particular materials they apply to.

Note 4:

1. The term 'natural fibres' is used in the list to refer to fibres other than artificial or synthetic fibres. It is restricted to the stages before spinning takes place, including waste, and, unless otherwise specified, includes fibres that have been carded, combed or otherwise processed but not spun.
2. The term 'natural fibres' includes horsehair of heading No 0503, silk of heading Nos 5002 and 5003 as well as the wool fibres, fine or coarse animal hair of heading Nos 5101 to 5105, the cotton fibres of heading Nos 5201 to 5203 and the other vegetable fibres of heading Nos 5301 to 5305.
3. The terms 'textile pulp', 'chemical materials' and 'paper-making materials' are used in the list to describe the materials not classified in Chapters 50 to 63, which can be used to manufacture artificial, synthetic or paper fibres or yarns.
4. The term 'man-made staple fibres' is used in the list to refer to synthetic or artificial filament tow, staple fibres or waste, of heading Nos 5501 to 5507.

Note 5:

1. Where for a given product in the list a reference is made to this note, the conditions set out in column 3 shall not be applied to any basic textile materials, used in the manufacture of this product, which, taken together, represent 10 % or less of the total weight of all the basic textile materials used. (See also Notes 5.3 and 5.4 below).
2. However, the tolerance mentioned in Note 5.1 may only be applied to mixed products which have been made from two or more basic textile materials.

The following are the basic textile materials:

- I. silk
- II. wool
- III. coarse animal hair
- IV. fine animal hair
- V. horsehair
- VI. cotton
- VII. paper-making materials and paper
- VIII. flax

- IX. true hemp
- X. jute and other textile bast fibres
- XI. sisal and other textile fibres of the genus *Agave*
- XII. coconut, abaca, ramie and other vegetable textile fibres
- XIII. synthetic man-made filaments
- XIV. artificial man-made filaments
- XV. current conducting filaments
- XVI. synthetic man-made staple fibres of polypropylene
- XVII. synthetic man-made staple fibres of polyester
- XVIII. synthetic man-made staple fibres of polyamide
- XIX. synthetic man-made staple fibres of polyacrylonitrile
- XX. synthetic man-made staple fibres of polyimide
- XXI. synthetic man-made staple fibres of polytetrafluoroethylene
- XXII. synthetic man-made staple fibres of polyphenylene sulphide
- XXIII. synthetic man-made staple fibres of polyvinyl chloride
- XXIV. other synthetic man-made staple fibres
- XXV. artificial man-made staple fibres of viscose
- XXVI. other artificial man-made staple fibres
- XXVII. yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped
- XXVIII. yarn made of polyurethane segmented with flexible segments of polyester whether or not gimped
- XXIX. products of heading No 5605 (metallised yarn) incorporating strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film
- XXX. other products of heading No 5605.

Example:

A yarn of heading No 5205 made from cotton fibres of heading No 5203 and synthetic staple fibres of heading No 5506 is a mixed yarn. Therefore, non-originating synthetic staple fibres that do not satisfy the origin rules (which require manufacture from chemical materials or textile pulp) may be used up to a weight of 10 % of the yarn.

Example:

A woollen fabric of heading No 5112 made from woollen yarn of heading No 5107 and synthetic yarn of staple fibres of heading No 5509 is a mixed fabric. Therefore synthetic yarn which does not satisfy the origin rules (which require manufacture from chemical materials or textile pulp) or woollen yarn that does not satisfy the origin rules (which require manufacture from natural fibres, not carded or combed or otherwise prepared for spinning) or a combination of the two may be used provided their total weight does not exceed 10 % of the weight of the fabric.

Example:

Tufted textile fabric of heading No 5802 made from cotton yarn of heading No 5205 and cotton fabric of heading No 5210 is only a mixed product if the cotton fabric is itself a mixed fabric being made from yarns classified in two separate headings or if the cotton yarns used are themselves mixtures.

Example:

If the tufted textile fabric concerned had been made from cotton yarn of heading No 5205 and synthetic fabric of heading No 5407, then, obviously, the yarns used are two separate basic textile materials and the tufted textile fabric is accordingly a mixed product.

3. In the case of products incorporating 'yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped' this tolerance is 20 % in respect of this yarn.
4. In the case of products incorporating 'strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of an adhesive between two layers of plastic film', this tolerance is 30 % in respect of this strip.

*Note 6:*

1. In the case of those textile products, which are marked in the list by a footnote referring to this Introductory Note, textile trimmings and accessories which do not satisfy the rule set out in the list in column 3 for the made up products concerned may be used provided that their weight does not exceed 10 % of the total weight of all the textile materials incorporated.

Textile trimmings and accessories are those classified in Chapters 50 to 63. Linings and interlinings are not be regarded as trimmings or accessories.

2. Any non-textile trimmings and accessories or other materials used which contain textiles do not have to satisfy the conditions set out in column 3 even though they fall outside the scope of Note 3.5.
3. In accordance with Note 3.5, any non-originating non-textile trimmings and accessories or other product, which do not contain any textiles, may, anyway, be used freely where they cannot be made from the materials listed in column 3.

For example, if a rule in the list says that for a particular textile item, such as a blouse, yarn must be used, this does not prevent the use of metal items, such as buttons, because they cannot be made from textile materials.

4. Where a percentage rule applies, the value of trimmings and accessories must be taken into account when calculating the value of the non-originating materials incorporated.

*Note 7:*

1. For the purposes of heading Nos ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, the 'specific processes' are the following:
  - (a) vacuum distillation;
  - (b) redistillation by a very thorough fractionation process <sup>(1)</sup>;
  - (c) cracking;
  - (d) reforming;
  - (e) extraction by means of selective solvents;
  - (f) the process comprising all the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralisation with alkaline agents; decolorisation and purification with naturally active earth, activated earth, activated charcoal or bauxite;
  - (g) polymerisation;
  - (h) alkylation;
  - (i) isomerisation.
2. For the purposes of heading Nos 2710, 2711 and 2712, the 'specific processes' are the following:
  - (a) vacuum distillation;
  - (b) redistillation by a very thorough fractionation process <sup>(1)</sup>;
  - (c) cracking;
  - (d) reforming;
  - (e) extraction by means of selective solvents;

<sup>(1)</sup> For the purpose of subheadings 2712 90 31 to 2712 90 39, the term 'crude' shall be taken to apply to products of a natural colour higher than 3 by the ASTM D 1500 method, if their viscosity at 100 °C is  $9 \times 10^{-6} \text{ m}^2 \text{ s}^{-1}$  or higher by ASTM D 445 method.

- (f) the process comprising all the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralisation with alkaline agents; decolorisation and purification with naturally active earth, activated earth, activated charcoal or bauxite;
- (g) polymerisation;
- (h) alkylation;
- (i) isomerisation;
- (j) in respect of heavy oils falling within heading No ex 2710 only, desulphurisation with hydrogen resulting in a reduction of at least 85 % of the sulphur content of the products processed (ASTM D 1266-59 T method);
- (k) in respect of products falling within heading No ex 2710 only, deparaffining by a process other than filtering;
- (l) in respect of heavy oils falling within heading No ex 2710 only, treatment with hydrogen at a pressure of more than 20 bar and a temperature of more than 250 °C with the use of a catalyst, other than to effect desulphurisation, when the hydrogen constitutes an active element in a chemical reaction. The further treatment with hydrogen of lubricating oils of heading No ex 2710 (e.g. hydrofinishing or decolorisation) in order, more especially, to improve colour or stability shall not, however, be deemed to be a specific process;
- (m) in respect of fuel oils falling within heading No ex 2710 only, atmospheric distillation, on condition that less than 30 % of these products distils, by volume, including losses, at 300 °C by the ASTM D 86 method;
- (n) in respect of heavy oils other than gas oils and fuel oils falling within heading No ex 2710 only, treatment by means of a high-frequency electrical brush-discharge.

For the purposes of heading Nos ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, simple operations such as cleaning, decanting, desalting, water separation, filtering, colouring, marking, obtaining a sulphur content as a result of mixing products with different sulphur contents, any combination of these operations or like operations do not confer origin.

Duly authorised officials of a Party or Signatory CARIFORUM State may, with the agreement of the other Party involved and subject to the conditions laid down by the latter, be present to obtain in the offices of the requested authority or any other concerned authority in accordance with paragraph 1, information relating to activities that are or may be operations in breach of customs legislation which the applicant authority needs for the purposes of this Protocol.

4. Duly authorised officials of a Party or Signatory CARIFORUM State involved may, with the agreement of the other Party or Signatory CARIFORUM State involved and subject to the conditions laid down by the latter, be present at enquiries carried out in the latter's territory.

3. Original documents shall be transmitted only upon request in cases where certified copies would be insufficient. These originals shall be returned at the earliest opportunity.

#### Article 9

##### Exceptions to the obligation to provide assistance

1. Assistance may be refused or may be subject to the satisfaction of certain conditions or requirements, in cases where a Signatory CARIFORUM State or the EC Party is of the opinion that assistance under this Protocol would:
  - (a) be likely to prejudice the sovereignty of a Signatory CARIFORUM State or that of a Member State of the European Union which has been requested to provide assistance under this Protocol; or
  - (b) be likely to prejudice public policy, security or other essential interests, in particular in the cases referred to under Article 10(2); or
  - (c) violate an industrial, commercial or professional secret.
2. Assistance may be postponed by the requested authority on the ground that it will interfere with an ongoing investigation, prosecution or proceeding. In such a case, the requested authority shall consult with the applicant authority to determine if assistance can be given subject to such terms or conditions as the requested authority may require.
3. Where the applicant authority seeks assistance which it would itself be unable to provide if so requested, it shall draw attention to that fact in its request. It shall then be for the requested authority to decide how to respond to such a request.
4. For the cases referred to in paragraphs 1 and 2, the decision of the requested authority and the reasons therefore must be communicated to the applicant authority without delay.

#### Article 10

##### Information exchange and confidentiality

1. Any information communicated in whatsoever form pursuant to this Protocol shall be of a confidential or restricted nature, depending on the rules applicable in each of the Parties or the Signatory CARIFORUM States. It shall be covered by the obligation of official secrecy and shall enjoy the protection extended to similar information under the relevant laws of the Party or the Signatory CARIFORUM State that received it and the corresponding provisions applying to the European Community authorities.
2. Personal data may be exchanged only where the Party or the Signatory CARIFORUM State which may receive them undertakes to protect such data in at least an equivalent way to the one applicable to that particular case in the Party or the Signatory

CARIFORUM State that may supply them. To that end, parties shall communicate to each other information on their applicable rules, including, where appropriate, legal provisions in force in the Member States of the European Union.

3. The use, in judicial or administrative proceedings instituted in respect of operations in breach of customs legislation, of information obtained under this Protocol, is considered to be for the purposes of this Protocol. Therefore, the Parties or the Signatory CARIFORUM States may, in their records of evidence, reports and testimonies and in proceedings and charges brought before the courts, use as evidence information obtained and documents consulted in accordance with the provisions of this Protocol. The competent authority which supplied that information or gave access to those documents shall be notified of such use.
4. Information obtained shall be used solely for the purposes of this Protocol. Where one of the Parties or Signatory CARIFORUM State wishes to use such information for other purposes, it shall obtain the prior written consent of the authority which provided the information. Such use shall then be subject to any restrictions laid down by that authority.

#### Article 11

##### Experts and witnesses

An official of a requested authority may be authorised to appear, within the limitations of the authorisation granted, as an expert or witness in judicial or administrative proceedings regarding the matters covered by this Protocol, and produce such objects, documents or certified copies thereof, as may be needed for the proceedings. ##### Implementation

1. The implementation of this Protocol shall be entrusted on the one hand to the customs authorities of the Signatory CARIFORUM States and on the other hand to the competent services of the Commission of the European Communities and the customs authorities of the Member States of the European Union as appropriate. They shall decide on all practical measures

and arrangements necessary for its application, taking into consideration the rules in force in particular in the field of data protection. They may recommend to the competent bodies amendments which they consider should be made to this Protocol.

2. The Parties and the Signatory CARIFORUM States shall consult each other and subsequently keep each other informed of the detailed rules of implementation which are adopted in accordance with the provisions of this Protocol.

#### *Article 14*

##### **Other agreements**

Notwithstanding the provisions of paragraph 1, the provisions of this Protocol shall take precedence over the provisions of any bilateral Agreement on mutual assistance which has been or may be concluded between individual Member States of the European Union and any Signatory CARIFORUM State insofar as the provisions of the latter are incompatible with those of this Protocol.

4. In respect of questions relating to the applicability of this Protocol, the Parties shall consult each other to resolve the matter in the framework of the Special Committee on Customs Cooperation and Trade Facilitation set up under Article 36 of the CARIFORUM-EC Economic Partnership Agreement.

## JOINT DECLARATIONS

### JOINT DECLARATION ON DEVELOPMENT COOPERATION

The Parties recognise the important adjustment challenges that the implementation of this Agreement will pose, in particular to smaller economies among the CARIFORUM States. The Parties agree that an important number of commitments undertaken in this Agreement will require the rapid start of reforms. The Parties also recognise regional infrastructure as an important tool to enable the CARIFORUM States to take full advantage of the opportunities offered by this Agreement.

The Parties reaffirm the importance of ensuring the most efficient use of development finance resources, in order to meet the objectives of this Agreement, to maximise its potential and support its proper implementation, as well as to support the CARICOM Development Vision. The Parties note the availability of EUR 165 Million for financing the 10th EDF Caribbean Regional Indicative Programme (CRIP) and recall that under the Revised Cotonou Agreement, a successor to the current Financial Protocol will be agreed for the period 2014-2020. The Parties further recognise that the funds allocated to the Caribbean Regional Indicative Programme (CRI(P)) in the 10th EDF are to be complemented by Aid for Trade contributions by Member States of the European Union (EU).

Pursuant to both the EU Aid for Trade Strategy adopted in October 2007 and the funding instruments enumerated in Article 7 of Part I of this Agreement, the Member States of the European Union confirm their intention to ensure that an equitable share of Member States' Aid for Trade commitments will benefit the Caribbean ACP States, including for funding programmes related to the implementation of this Agreement.

The Parties agree on the benefits of regional development mechanisms, including a regional development fund, accessible to all CARIFORUM States, to mobilise and channel Economic Partnership Agreement related development resources from the European Union and other potential donors. In this respect, the European Commission and the Member States of the European Union will consider the necessary arrangements with the CARICOM Development Fund, once established, with a view to providing to the Fund resources to support the execution of programmes related to the implementation of this Agreement, as well as to support related adjustment measures and economic reforms. The EU contribution would complement the contribution that will have been made by the Caribbean States and other donors.

The Parties agree that addressing CARIFORUM's most immediate development cooperation priorities, related to the implementation of this Agreement, would be accorded high priority in the programming of resources, notably, those made available under the 10th EDF.

### JOINT DECLARATION ON BANANAS

The Parties recognise the importance of bananas to the economic development of a number of CARIFORUM countries in terms of employment, foreign exchange and social and political stability.

They similarly recognise that CARIFORUM banana exports to the EU have been helped in the past by a substantial tariff preference and that the maintenance of such preference for as long as possible would increase the benefits resulting from this Agreement.

The CARIFORUM States also consider that the possible reduction of the MFN tariff and the implementation of Free Trade Agreements between the EC Party and certain third countries would pose significant competitive challenges for the banana industry in several CARIFORUM countries.

Within the framework of European Community funding instruments, both Parties will decide on the programming of funds, in complementarity to the actions already funded, and with respect to the still available funds under the Special Framework of Assistance (SF(A)), to help the CARIFORUM banana industry to further adjust to the new challenges, including activities aimed at increasing the productivity and competitiveness in areas of viable production, the development of alternatives both within and outside the banana industry, addressing social impact arising from changes in the sector and for disaster mitigation.

## JOINT DECLARATION ON USED GOODS

With regard to the controls on the importation of motor vehicles and motorcycles older than five years, and vehicles greater or equal to five tons older than 15 years, pursuant to Dominican Republic Law No 147 of 27 December 2000 the EC Party undertakes not to challenge this law irrespective of the question of its compatibility with the Agreement.

## JOINT DECLARATION ON RICE

The Parties commit to ensuring that the licensing and other arrangements for the administration of the tariff rate quota for rice, referred to in paragraph 2 of Annex II, are kept under detailed review with a view to ensuring that the CARIFORUM rice exporting States obtain the maximum benefits of this Agreement.

## JOINT DECLARATION ON REALLOCATION OF UNDELIVERED QUANTITIES UNDER THE SUGAR PROTOCOL

The EC Party and the Signatory CARIFORUM States party to the Sugar Protocol shall seek to reallocate until 30 September 2009 any undelivered quantities from such States amongst other CARIFORUM States party to the Sugar Protocol to the extent permitted by Article 7 of the Protocol.

## JOINT DECLARATION RELATING TO PROTOCOL I ON THE ORIGIN OF FISHERY PRODUCTS

The EC Party acknowledges the right of the coastal CARIFORUM States to the development and rational exploitation of the fishery resources in all waters within their jurisdiction.

The Parties agree that the existing rules of origin have to be examined in order to determine what possible changes may have to be made in the light of the first paragraph.

Conscious of their respective concerns and interests, the CARIFORUM States and the EC Party agree to continue examining the problem posed by the entry, onto EC Party markets, of the fishery products from catches made in zones within the national jurisdiction of the CARIFORUM states, with a view to arriving at a solution satisfactory to both sides. This examination shall take place in the Special Committee on Customs Cooperation and Trade Facilitation.

## JOINT DECLARATION RELATING TO PROTOCOL I CONCERNING THE PRINCIPALITY OF ANDORRA AND THE REPUBLIC OF SAN MARINO

1. Products originating in the Principality of Andorra falling within Chapters 25 to 97 of the Harmonised System and products originating in the Republic of San Marino shall be accepted by the CARIFORUM States as originating in the European Community within the meaning of this Agreement.
2. Protocol I shall apply *mutatis mutandis* for the purpose of defining the originating status of the abovementioned products.

## JOINT DECLARATION ON THE SIGNING OF THE ECONOMIC PARTNERSHIP AGREEMENT

The Parties acknowledge that the signature of the Economic Partnership Agreement (the 'Agreement') signals the changing dynamics of the global economy as well as the continuing importance of our cooperation to the realisation of the development objectives of the CARIFORUM States.

As we affix our signature to the Agreement, we emphasise that it must be supportive of the development objectives, policies and priorities of the CARIFORUM States, not only in its structure and content, but also in the manner and spirit of its implementation.

To that end and as indicated in article 4 of the Agreement, its implementation will pay due regard to the integration processes in CARIFORUM, including the aims and objectives of the CARICOM Single Market and Economy as outlined in the Revised Treaty of Chaguaramas. In such implementation, special consideration will be given to reinforcing the regional integration schemes of the CARIFORUM States and ensuring their further sustainable advancement.

We declare our commitment to work closely, within the institutions of the Agreement, to achieve its aims and objectives taking special account of the different levels of development among our countries, notably the needs of the small vulnerable economies, including, in particular, Haiti as a Least Developed Country, as well as those designated as less developed under The Revised Treaty of Chaguaramas.

We understand that, in the context of our continued monitoring of the Agreement within its institutions, as provided for under article 5 of the Agreement, a comprehensive review of the Agreement shall be undertaken not later than five (5) years after the date of signature and at subsequent five-yearly intervals, in order to determine the impact of the Agreement, including the costs and consequences of implementation and we undertake to amend its provisions and adjust their application as necessary.
