

SPECIAL LICENSE FOR THE ENERGY SECTOR

(Translated)

Works which must be done by experienced professionals or needs to be performed by advanced equipment while satisfying safety rules are performed by companies who have proper qualification. Because of this necessity, 'Mongolian law on the special licenses for commercial activities' was enacted in 2001 and newly approved in 2005 by Mongolian Parliament, the State Great Khural. This law is applied to commercial activities in the energy sector as well. Within the scope of this law and legal documents including Order No. 05 by Minister of Fuel and Energy dated 12th of January, 2006, Order No. 061 by Minister of Mineral and Energy dated on 18th of March, 2011 and Order No. 64 by Minister of Energy dated on 7th of December, 2012 and Order B/36 by Director of Energy Development Center, special licenses are being issued for construction of energy sources & its supply network and installation of the pressure containers, boilers, networks and repair & maintenance services.
